I. SUMMARY OF APPLICATION

The following entities hereby request an order (the “**Order**”) of the U.S. Securities and Exchange Commission (the “**Commission**”) under Sections 17(d) and 57(i) of the Investment Company Act of 1940, as amended (the “**1940 Act**”), and Rule 17d-1 thereunder, permitting certain joint transactions that otherwise may be prohibited by either or both of Sections 17(d) and 57(a)(4) of the 1940 Act as modified by the exemptive rules adopted by the Commission under the 1940 Act.

- HPS Corporate Lending Fund, a closed-end management investment company that intends to elect to be regulated as a business development company (“**BDC**”) under Section 54(a) of the 1940 Act¹ (“**HPS Fund**” or the “**Existing Regulated Entity**”);
- HPS Investment Partners, LLC, the investment adviser to the Existing Regulated Entity (“**HPS**”);
- The investment advisory subsidiaries and relying advisers of HPS set forth on Schedule A hereto (each such investment adviser and HPS, an “**Existing Adviser**” and collectively, the “**Existing Advisers**”); and
- Investment funds set forth on Schedule A hereto, each of which is an entity whose investment adviser is an Existing Adviser and that would be an “investment company” but for Section 3(c)(1) or 3(c)(7) of the 1940 Act (collectively, the “**Existing Affiliated Funds**” and, collectively with the Existing Regulated Entity and the Existing Advisers, the “**Applicants**”).

The relief requested in this application (the “**Application**”) would allow one or more Regulated Entities² and/or one or more Affiliated Funds³ to (A) participate in the same investment opportunities through a proposed co-investment program where such participation would otherwise be prohibited under Sections 17 and 57 of the 1940 Act, and (B) make additional investments in securities of such issuers (“**Follow-On Investments**”), including through the exercise of warrants, conversion privileges, and other rights to purchase securities of the issuers. For purposes of this Application, a “**Co-Investment Transaction**” shall mean any transaction in which any of the Regulated Entities (or their Wholly-Owned Investment Subs, as defined below) participate together with one or more other Regulated Entities and/or Affiliated Funds in reliance on the Order, and a “**Potential Co-Investment Transaction**” shall mean any investment opportunity in which a Regulated Entity (or its Wholly-Owned Investment Subs) could not participate together with one or more other Regulated Entities and/or one or more Affiliated Funds without obtaining and relying on the Order. The term “**Adviser**” means any Existing Adviser and any Future Adviser.⁴

¹ Section 2(a)(48) defines a BDC to be any closed-end investment company that operates for the purpose of making investments in securities described in Sections 55(a)(1) through 55(a)(3) of the 1940 Act and makes available significant managerial assistance with respect to the issuers of such securities.

² “**Regulated Entity**” means the Existing Regulated Entity and any Future Regulated Entity. “**Future Regulated Entity**” means any closed-end management investment company formed in the future that is registered under the 1940 Act or any closed-end management investment company that has elected to be regulated as a BDC whose investment adviser is an Adviser.

³ “**Affiliated Fund**” means any Existing Affiliated Fund or any Future Affiliated Fund. “**Future Affiliated Fund**” means any investment fund that would be an “investment company” but for Section 3(c)(1) or 3(c)(7) of the 1940 Act, is formed in the future, and whose investment adviser is an Adviser. No Affiliated Fund is or will be a subsidiary of a Regulated Entity.

⁴ The term “**Future Adviser**” means any future investment adviser that (i) controls, is controlled by or is under common control with HPS, (ii) is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the “**Advisers Act**”) and (iii) is not a Regulated Entity or a subsidiary of a Regulated Entity.

Any of the Regulated Entities may, from time to time, form one or more Wholly-Owned Investment Subs.⁵ Such a subsidiary would be prohibited from investing in a Co-Investment Transaction with any Affiliated Fund or another Regulated Entity because it would be a company controlled by the Regulated Entity for purposes of Section 57(a)(4) and Rule 17d-1 of the 1940 Act. Applicants request that each Wholly-Owned Investment Sub be permitted to participate in Co-Investment Transactions in lieu of its parent Regulated Entity and that the Wholly-Owned Investment Sub's participation in any such transaction be treated, for purposes of the Order, as though the parent Regulated Entity were participating directly. Applicants represent that this treatment is justified because a Wholly-Owned Investment Sub would have no purpose other than serving as a holding vehicle for the Regulated Entity's investments and, therefore, no conflicts of interest could arise between the Regulated Entity and the Wholly-Owned Investment Sub. The board of directors (the "**Board**")⁶ of such Regulated Entity would make all relevant determinations under the Conditions (defined below) with regard to a Wholly-Owned Investment Sub's participation in a Co-Investment Transaction, and the Regulated Entity's Board would be informed of, and take into consideration, any proposed use of a Wholly-Owned Investment Sub in the Regulated Entity's place. If the Regulated Entity proposes to participate in the same Co-Investment Transaction with any of its Wholly-Owned Investment Subs, the Board of the Regulated Entity will also be informed of, and take into consideration, the relative participation of the Regulated Entity and the Wholly-Owned Investment Sub.

Applicants do not seek relief for transactions that would be permitted under other regulatory or interpretive guidance, including, for example, transactions effected consistent with Commission staff no-action positions.⁷

All existing entities that currently intend to rely on the Order have been named as Applicants. Any other existing or future entity that subsequently relies on the Order will comply with the terms and conditions of the Application.

⁵ The term "**Wholly-Owned Investment Sub**" means an entity (a) whose sole business purpose is to hold one or more investments on behalf of a Regulated Entity (and, in the case of an SBIC Subsidiary (as defined below), maintain a license under the SBA Act (as defined below) and issue debentures guaranteed by the SBA (as defined below)); (b) that is wholly-owned by the Regulated Entity (with the Regulated Entity at all times holding, beneficially and of record, 100% of the voting and economic interests), (c) with respect to which the Regulated Entity's Board (as defined below) has the sole authority to make all determinations with respect to the entity's participation under the conditions to this Application; and (d) that would be an investment company but for Section 3(c)(1) or 3(c)(7) of the Act. All subsidiaries of the Regulated Entity participating in Co-Investment Transactions will be Wholly-Owned Investment Subs. The term "**SBIC Subsidiary**" means a Wholly-Owned Investment Sub that is licensed by the Small Business Administration (the "**SBA**") to operate under the Small Business Investment Act of 1958, as amended, (the "**SBA Act**") as a small business investment company (an "**SBIC**").

⁶ The term "**Board**" refers to the board of directors (or equivalent) of any Regulated Entity.

II. GENERAL DESCRIPTION OF APPLICANTS

A. HPS Corporate Lending Fund

The HPS Fund was recently organized as a Delaware statutory trust on December 23, 2020. The HPS Fund intends to become a diversified, closed-end management investment company and intends to elect to be regulated as a BDC under Section 54(a) of the 1940 Act. In addition, the HPS Fund intends to be treated as a regulated investment company for tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”). The HPS Fund’s investment objective will be to produce current income while preserving capital, by investing primarily in newly originated secured debt, focusing on established, stabilized middle market borrowers. The HPS Fund’s principal place of business is 40 West 57th Street, 33rd Floor, New York, NY 10019. Prior to relying on the requested order, the HPS Fund will have filed an election to be regulated as a BDC under the 1940 Act.

The Board of the HPS Fund will have five members, three of whom are not “interested persons” of the HPS Fund within the meaning of Section 2(a)(19) (the “Independent Trustees”).⁸

No Independent Trustee of any Regulated Entity will have a direct or indirect financial interest in any Co-Investment Transaction (other than indirectly through share ownership in one of the Regulated Entities), including any interest in any company whose securities would be acquired in a Co-Investment Transaction.

B. Existing Advisers

HPS is a limited liability company organized under the laws of the state of Delaware. HPS serves as the investment adviser to the Existing Regulated Entity and is registered as an investment adviser under the Advisers Act.

The other Existing Advisers are controlled and wholly-owned by HPS, with the exception of HPS Investment Partners CLO (US), LLC and HPS Investment Partners CLO (UK) LLP, which are controlled by HPS but are partially owned by unaffiliated third parties. Descriptions of the other Existing Advisers are set forth in Schedule A hereto.

C. Existing Affiliated Funds

The Existing Affiliated Funds are entities whose investment adviser is an Existing Adviser and that would be an investment company but for Section 3(c)(1) or 3(c)(7) of the 1940 Act. The investment strategies of the Existing Affiliated Funds are set forth in Schedule A hereto.

III. ORDER REQUESTED

The Applicants respectfully request an Order of the Commission under Sections 17(d) and 57(i) under the 1940 Act, and Rule 17d-1 under the 1940 Act to permit, subject to the terms and conditions set forth below in this Application (the “Conditions”), one or more Regulated Entities to be able to participate in Co-Investment Transactions with one or more other Regulated Entities and/or one or more Affiliated Funds.

⁸ The term “Independent Trustees” means with respect to any Board, the directors or trustees who are not “interested persons,” within the meaning of Section 2(a)(19).

The Regulated Entities and Affiliated Funds seek relief to enter into Co-Investment Transactions because such Co-Investment Transactions would otherwise be prohibited by either or both of Sections 17(d) and 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act. This Application seeks relief in order to (i) enable the Regulated Entities and the Affiliated Funds to avoid, among other things, the practical commercial and/or economic difficulties of trying to structure, negotiate and persuade counterparties to enter into transactions while awaiting the granting of the relief requested in individual applications with respect to each Co-Investment Transaction that arises in the future and (ii) enable the Regulated Entities and the Affiliated Funds to avoid the significant legal and other expenses that would be incurred in preparing such individual applications.

A. Section 17(d) and Section 57(a)(4)

Section 17(d) of the 1940 Act generally prohibits an affiliated person (as defined in Section 2(a)(3) of the 1940 Act), or an affiliated person of such affiliated person, of a registered investment company acting as principal, from effecting any transaction in which the registered investment company is a joint or a joint and several participant, in contravention of such rules as the Commission may prescribe for the purpose of limiting or preventing participation by the registered investment company on a basis different from or less advantageous than that of such other participant.

Similarly, with regard to BDCs, Section 57(a)(4) prohibits certain persons specified in Section 57(b) of the 1940 Act from participating in a joint transaction with a BDC, or a company controlled by a BDC in contravention of rules as prescribed by the Commission. In particular Section 57(a)(4) applies to:

- Any director, officer, employee, or member of an advisory board of a BDC; or any person (other than the BDC itself) who is an affiliated person of the forgoing pursuant to Section 2(a)(3)(C) of the 1940 Act; or
- Any investment adviser or promoter of, general partner in, principal underwriter for, or person directly or indirectly either controlling, controlled by, or under common control with, a BDC (except the BDC itself and any person who, if it were not directly or indirectly controlled by the BDC, would not be directly or indirectly under the control of a person who controls the BDC)⁹; or any person who is an affiliated person of any of the forgoing within the meaning of Section 2(a)(3)(C) or (D) of the 1940 Act.

Section 2(a)(3)(C) of the 1940 Act defines an “affiliated person” of another person to include any person directly or indirectly controlling, controlled by, or under common control with, such other person. Section 2(a)(3)(D) of the 1940 Act defines “any officer, director, partner, copartner, or employee” of an affiliated person as an affiliated person. Section 2(a)(9) of the 1940 Act defines “control” as the power to exercise a controlling influence over the management or policies of a company, unless such power is solely the result of an official position with that company. Under Section 2(a)(9) of the 1940 Act, a person who beneficially owns, either directly or through one or more controlled companies, more than 25% of the voting securities of a company is presumed to control such company. The Commission and its staff have indicated on a number of occasions their belief that an investment adviser that provides discretionary investment management services to a fund and that sponsored, selected the initial directors, and provides administrative or other non-advisory services to the fund, controls such fund, absent compelling evidence to the contrary.¹⁰ An Adviser is or will be the investment adviser to each Regulated Entity and Affiliated Fund. The Regulated Entities and Affiliated Funds may be deemed to be under common control, and thus affiliated persons of each other under Section 2(a)(3)(C) of the 1940 Act. As a result, these relationships might cause each Regulated Entity and each Affiliated Fund participating in Co-Investment Transactions to be subject to Sections 17(d) or 57(a)(4), and thus subject to the provisions of Rule 17d-1.

⁹ Also excluded from this category by Rule 57b-1 is any person who would otherwise be included (a) solely because that person is directly or indirectly controlled by a business development company, or (b) solely because that person is, within the meaning of Section 2(a)(3)(C) or (D), an affiliated person of a person described in (a) above.

¹⁰ See, e.g., SEC Rel. No. IC-4697 (Sept. 8, 1966) (“For purposes of Section 2(a)(3)(C), affiliation based upon control would depend on the facts of the given situation, including such factors as extensive interlocks of officers, directors or key personnel, common investment advisers or underwriters, etc.”); Lazard Freres Asset Management, SEC No-Action Letter (pub. avail. Jan. 10, 1997) (“While, in some circumstances, the nature of an advisory relationship may give an adviser control over its client’s management or policies, whether an investment company and another entity are under common control is a factual question...”); In re Investment Company Mergers, SEC Rel. No. IC-25259 (Nov. 8, 2001); In re Steadman Security Corp., 46 S.E.C. 896, 920 n.81 (1977) (“[T]he investment adviser almost always controls the fund. Only in the very rare case where the adviser’s role is simply that of advising others who may or may not elect to be guided by his advice...can the adviser realistically be deemed not in control.”).

B. Rule 17d-1

Rule 17d-1 generally prohibits an affiliated person (as defined in Section 2(a)(3)), or an affiliated person of such affiliated person, of a registered investment company acting as principal, from effecting any transaction in which the registered investment company, or a company controlled by such registered company, is a joint or a joint and several participant, in contravention of such rules as the Commission may prescribe for the purpose of limiting or preventing participation by the registered investment company on a basis different from or less advantageous than that of such first or second tier affiliate. Rule 17d-1 also generally prohibits participation by a registered investment company and an affiliated person (as defined in Section 2(a)(3) of the 1940 Act) or principal underwriter for that investment company, or an affiliated person of such affiliated person or principal underwriter, in any “joint enterprise or other joint arrangement or profit-sharing plan,” as defined in the rule, without prior approval by the Commission by order upon application.

Rule 17d-1 was promulgated by the Commission pursuant to Section 17(d) and made applicable to persons subject to Sections 57(a) and (d) by Section 57(i) to the extent specified therein. Section 57(i) provides that, until the Commission prescribes rules under Sections 57(a) and (d), the Commission’s rules under Section 17(d) applicable to registered closed-end investment companies will be deemed to apply to persons subject to the prohibitions of Section 57(a) or (d). Because the Commission has not adopted any rules under Section 57(a) or (d), Rule 17d-1 applies to persons subject to the prohibitions of Section 57(a) or (d).

Applicants seek relief pursuant to Rule 17d-1, which permits the Commission to authorize joint transactions upon application. In passing upon applications filed pursuant to Rule 17d-1, the Commission is directed by Rule 17d-1(b) to consider whether the participation of a registered investment company or controlled company thereof in the joint enterprise or joint arrangement under scrutiny is consistent with provisions, policies and purposes of the 1940 Act and the extent to which such participation is on a basis different from or less advantageous than that of other participants.

The Commission has stated that Section 17(d), upon which Rule 17d-1 is based, and upon which Section 57(a)(4) was modeled, was designed to protect investment companies from self-dealing and overreaching by insiders. The Commission has also taken notice that there may be transactions subject to these prohibitions that do not present the dangers of overreaching. See Protecting Investors: A Half-Century of Investment Company Regulation, 1504 Fed.Sec.L.Rep., Extra Edition (May 29, 1992) at 448, *et seq.* The Court of Appeals for the Second Circuit has enunciated a like rationale for the purpose behind Section 17(d): “The objective of [Section] 17(d) ... is to prevent...injuring the interest of stockholders of registered investment companies by causing the company to participate on a basis different from or less advantageous than that of such other participants.” Securities and Exchange Commission v. Talley Industries, Inc., 399 F.2d 396, 405 (2d Cir. 1968), cert. denied, 393 U.S. 1015 (1969). Furthermore, Congress acknowledged that the protective system established by the enactment of Section 57 is “similar to that applicable to registered investment companies under Section 17 of the 1940 Act, and rules thereunder, but is modified to address concerns relating to unique characteristics presented by business development companies.” H.Rep. No. 96-1341, 96th Con., 2d Sess. 45 (1980) *reprinted in* 1980 U.S.C.C.A.N. 4827.

Applicants believe that the terms and Conditions of this Application would ensure that the conflicts of interest that Section 17(d) and Section 57(a)(4) were designed to prevent would be addressed and the standards for an order under Rule 17d-1 are met.

C. Protection Provided by the Proposed Conditions

Applicants believe that the proposed Conditions, as discussed more fully in Section III.D of this Application, will ensure the protection of shareholders of the Regulated Entities and compliance with the purposes and policies of the 1940 Act with respect to the Co-Investment Transactions. In particular, the Conditions, as outlined below, would ensure that each Regulated Entity would only invest in investments that are appropriate to the interests of shareholders and the investment needs and abilities of that Regulated Entity. In addition, each Regulated Entity would be able to invest on equal footing with each other Regulated Entity and/or one or more Affiliated Funds, including identical terms, conditions, price, class of securities purchased, settlement date, and registration rights. Each Regulated Entity would have the ability to engage in Follow-On Investments in a fair manner consistent with the protections of the other Conditions. Each Regulated Entity would have the ability to participate on a proportionate basis, at the same price and on the same terms and conditions in any sale of a security purchased in a Co-Investment Transaction. Fees and expenses of Co-Investment Transactions would be borne by the applicable Adviser, or shared pro rata among the Regulated Entities and Affiliated Funds who participate in the Co-Investment Transactions. The Conditions would also prevent a Regulated Entity from investing in reliance on the requested Order in any issuer in which another Regulated Entity, Affiliated Fund, or any affiliated person thereof, is an existing investor, which eliminates the possibility of a Regulated Entity being forced to invest in a manner that would benefit an affiliated person's existing investment. Also, sufficient records of the transactions would be maintained to permit the examination staff of the Commission to monitor compliance with the terms of the requested order.

The Conditions impose a variety of duties on the Advisers with respect to Co-Investment Transactions and Potential Co-Investment Transactions by the Regulated Entities. These duties include determinations regarding investment appropriateness, the appropriate level of investment, and the provision of information to the Board of any Regulated Entity. In addition, when considering Potential Co-Investment Transactions for any Regulated Entity, the applicable Adviser will consider only the Objectives and Strategies,¹¹ Board-Established Criteria,¹² investment policies, investment positions, capital available for investment, and other pertinent factors applicable to that Regulated Entity. The participation of a Regulated Entity in a Potential Co-Investment Transaction may only be approved by a Required Majority, as defined in Section 57(o) (a 'Required Majority'), of the directors or trustees of the Board eligible to vote on that Co-Investment Transaction under Section 57(o) (the 'Eligible Trustees').¹³

¹¹ The term "Objectives and Strategies" means a Regulated Entity's investment objectives and strategies as described in the Regulated Entity's registration statement, other filings the Regulated Entity has made with the Commission under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended, and the Regulated Entity's reports to shareholders.

¹² The term "Board-Established Criteria" means criteria that the Board of the applicable Regulated Entity may establish from time to time to describe the characteristics of Potential Co-Investment Transactions which would be within the Regulated Entity's then-current Objectives and Strategies that the applicable Adviser should consider as appropriate for the Regulated Entity. If no Board-Established Criteria are in effect for a Regulated Entity, then such Adviser will consider all Potential Co-Investment Transactions that fall within the then-current Objectives and Strategies for that Regulated Entity. Board-Established Criteria will be objective and testable, meaning that they will be based on observable information, such as industry/sector of the issuer, minimum earnings before interest, taxes, depreciation and amortization of the issuer, asset class of the investment opportunity or required commitment size, and not on characteristics that involve discretionary assessment. The Adviser to a Regulated Entity may from time to time recommend criteria for the applicable Board's consideration, but Board-Established Criteria will only become effective if approved by a majority of the Independent Trustees. The Independent Trustees of a Regulated Entity may at any time rescind, suspend or qualify its approval of any Board-Established Criteria, though Applicants anticipate that, under normal circumstances, the Board would not modify these criteria more often than quarterly.

¹³ In the case of a Regulated Entity that is a registered closed-end fund, the Board members that make up the Required Majority will be determined as if the Regulated Entity were a BDC subject to Section 57(o).

Applicants believe that the use of Board-Established Criteria for each of the Regulated Entities is appropriate based on the potential size and scope of HPS' advisory business, in particular since HPS intends to continue to evaluate and consider sponsoring new advisory clients that may be eligible to participate in the co-investment program, and may pursue transactions to increase the size and base of investable capital for the HPS Fund and the Existing Affiliated Funds. HPS presently considers, and potentially more so in the future expects that it will consider, a large number of investment opportunities, many of which would not be appropriate for one or more Regulated Entities. By using the Board-Established Criteria for a Regulated Entity, the applicable Adviser will be able to limit the Potential Co-Investment Transactions it considers for the Regulated Entity to objective, verifiable, and testable criteria established by the Regulated Entity's Board. In addition to the other protections offered by the Conditions to the Application, using Board-Established Criteria in the allocation of Potential Co-Investment Transactions will further reduce the risk of subjectivity in the Adviser's determination of whether an investment opportunity is appropriate for a Regulated Entity. In connection with the Board's annual review of the continued appropriateness of any Board-Established Criteria under Condition 9, the Regulated Entity's Adviser will provide information regarding any Co-Investment Transaction (including, but not limited to Follow-On Investments) effected by the Regulated Entity that did not fit within the then-current Board-Established Criteria.

The amount of each Regulated Entity's capital available for investment will be determined based on the amount of liquid assets not held for permanent investment, including cash, amounts that can currently be drawn down from lines of credit, marketable securities held for short-term purposes and existing commitments and reserves (if any), the targeted leverage level, targeted asset mix, and other investment policies and restrictions set from time to time by the Board of the applicable Regulated Entity or imposed by applicable laws, rules, regulations or interpretations. Likewise, an Affiliated Fund's capital available for investment will be determined based on the amount of liquid assets not held for permanent investment, including cash, amounts that can currently be drawn down from lines of credit, marketable securities held for short-term purposes and existing commitments and reserves (if any), the targeted leverage level, targeted asset mix, and other investment policies and restrictions set by the Affiliated Fund's directors, general partners or adviser or imposed by applicable laws, rules, regulations or interpretations. In addition, capital available for investment includes, where applicable, bona fide uncalled capital commitments that can be called by the settlement date of the Co-Investment Transaction.

If the Advisers, the principal owners of any of the Advisers (the "**Principals**"), or any person controlling, controlled by, or under common control with the Advisers or the Principals, and the Affiliated Funds (collectively, the "**Holders**") own in the aggregate more than 25 percent of the outstanding voting shares of a Regulated Entity (the "**Shares**"), then the Holders will vote such Shares as required under Condition 15.

Applicants believe that this Condition will ensure that the Independent Trustees will act independently in evaluating the co-investment program, because the ability of the Advisers or the Principals to influence the Independent Trustees by a suggestion, explicit or implied, that the Independent Trustees can be removed will be limited significantly.

In sum, the Applicants believe that the proposed Conditions would ensure that each Regulated Entity that participated in a Co-Investment Transaction does not participate on a basis different from, or less advantageous than, that of such other participants. As a result, the Applicants believe that the participation of the Regulated Entities in Co-Investment Transactions done in accordance with the Conditions would be consistent with the provisions, policies, and purposes of the 1940 Act, and would be done in a manner that was not different from, or less advantageous than, the other participants.

With respect to each Wholly-Owned Investment Sub, such a subsidiary would be prohibited from investing in a Co-Investment Transaction with any Affiliated Fund or Regulated Entity because it would be a company controlled by its parent Regulated Entity for purposes of Section 57(a)(4) of the 1940 Act and Rule 17d-1 under the 1940 Act. Applicants request that each Wholly-Owned Investment Sub be permitted to participate in Co-Investment Transactions in lieu of its parent Regulated Entity and that the Wholly-Owned Investment Sub's participation in any such transaction be treated, for purposes of the requested Order, as though the parent Regulated Entity were participating directly. Applicants represent that this treatment is justified because a Wholly-Owned Investment Sub would have no purpose other than serving as a holding vehicle for the Regulated Entity's investments and, therefore, no conflicts of interest could arise between the Regulated Entity and the Wholly-Owned Investment Sub. The Regulated Entity's Board would make all relevant determinations under the Conditions with regard to a Wholly-Owned Investment Sub's participation in a Co-Investment Transaction, and the Regulated Entity's Board would be informed of, and take into consideration, any proposed use of a Wholly-Owned Investment Sub in the Regulated Entity's place. If the Regulated Entity proposes to participate in the same Co-Investment Transaction with any of its Wholly-Owned Investment Subs, the Board will also be informed of, and take into consideration, the relative participation of the Regulated Entity and the Wholly-Owned Investment Sub.

D. Conditions

Applicants agree that any Order granting the requested relief shall be subject to the following Conditions:

1.
 - a. Each Adviser will establish, maintain and implement policies and procedures reasonably designed to ensure that it identifies for each Regulated Entity all Potential Co-Investment Transactions that (i) the Adviser considers for any other Regulated Entity or Affiliated Fund and (ii) fall within the Regulated Entity's then-current Objectives and Strategies and Board-Established Criteria.
 - b. When an Adviser identifies a Potential Co-Investment Transaction for a Regulated Entity under Condition 1(a), the Adviser will make an independent determination of the appropriateness of the investment for the Regulated Entity in light of the Regulated Entity's then-current circumstances.

- a. If an Adviser deems a Regulated Entity's participation in any Potential Co-Investment Transaction to be appropriate for the Regulated Entity, the Adviser will then determine an appropriate level of investment for the Regulated Entity.
- b. If the aggregate amount recommended by an Adviser to be invested by the applicable Regulated Entity in the Potential Co-Investment Transaction, together with the amount proposed to be invested by the other participating Regulated Entities and Affiliated Funds, collectively, in the same transaction, exceeds the amount of the investment opportunity, the investment opportunity will be allocated among them pro rata based on each participant's capital available for investment in the asset class being allocated, up to the amount proposed to be invested by each. Each Adviser will provide the Eligible Trustees of each participating Regulated Entity with information concerning each participating party's available capital to assist the Eligible Trustees with their review of the applicable Regulated Entity's investments for compliance with these allocation procedures.
- c. After making the determinations required in Conditions 1(b) and 2(a), the applicable Adviser will distribute written information concerning the Potential Co-Investment Transaction (including the amount proposed to be invested by each participating Regulated Entity and each participating Affiliated Fund) to the Eligible Trustees of its participating Regulated Entity for their consideration. A Regulated Entity will enter into a Co-Investment Transaction with one or more other Regulated Entities or Affiliated Funds only if, prior to the Regulated Entity's participation in the Potential Co-Investment Transaction, a Required Majority concludes that:
 - i. the terms of the Potential Co-Investment Transaction, including the consideration to be paid, are reasonable and fair to the Regulated Entity and its equity holders and do not involve overreaching in respect of the Regulated Entity or its equity holders on the part of any person concerned;
 - ii. the Potential Co-Investment Transaction is consistent with:
 - A. the interests of the Regulated Entity's equity holders; and
 - B. the Regulated Entity's then-current Objectives and Strategies;
 - iii. the investment by any other Regulated Entities or any Affiliated Funds would not disadvantage the Regulated Entity, and participation by the Regulated Entity would not be on a basis different from or less advantageous than that of any other Regulated Entities or any Affiliated Funds; provided that, if any other Regulated Entity or any Affiliated Fund, but not the Regulated Entity itself, gains the right to nominate a director for election to a portfolio company's board of directors or the right to have a board observer or any similar right to participate in the governance or management of the portfolio company, such event shall not be interpreted to prohibit the Required Majority from reaching the conclusions required by this Condition 2(c)(iii), if:
 - A. the Eligible Trustees will have the right to ratify the selection of such director or board observer, if any; and
 - B. the Adviser agrees to, and does, provide periodic reports to the Board of the Regulated Entity with respect to the actions of such director or the information received by such board observer or obtained through the exercise of any similar right to participate in the governance or management of the portfolio company; and

- C. any fees or other compensation that any Regulated Entity or any Affiliated Fund or any affiliated person of any Regulated Entity or any Affiliated Fund receives in connection with the right of a Regulated Entity or an Affiliated Fund to nominate a director or appoint a board observer or otherwise to participate in the governance or management of the portfolio company will be shared proportionately among the participating Affiliated Funds (who may each, in turn, share its portion with its affiliated persons) and the participating Regulated Entities in accordance with the amount of each party's investment; and
- iv. the proposed investment by the Regulated Entity will not benefit any Adviser, the other Regulated Entities, the Affiliated Funds, or any affiliated person of any of them (other than the parties to the Co-Investment Transaction), except (A) to the extent permitted by Condition 13, (B) to the extent permitted by Sections 17(e) or 57(k) of the 1940 Act, as applicable, (C) indirectly, as a result of an interest in the securities issued by one of the parties to the Co-Investment Transaction, or (D) in the case of fees or other compensation described in Condition 2(c)(iii)(C).
3. Each Regulated Entity has the right to decline to participate in any Potential Co-Investment Transaction or to invest less than the amount proposed.
4. The applicable Adviser will present to the Board of each Regulated Entity, on a quarterly basis, a record of all investments in Potential Co-Investment Transactions made by any other Regulated Entity or Affiliated Fund during the preceding quarter that fell within the Regulated Entity's then-current Objectives and Strategies and Board-Established Criteria that were not made available to the Regulated Entity, and an explanation of why the investment opportunities were not offered to the Regulated Entity. All information presented to the Board pursuant to this Condition will be kept for the life of the Regulated Entity and at least two years thereafter, and will be subject to examination by the Commission and its staff.
5. Except for Follow-On Investments made in accordance with Condition 8,¹⁴ a Regulated Entity will not invest in reliance on the Order in any issuer in which another Regulated Entity, Affiliated Fund, or any affiliated person of another Regulated Entity or Affiliated Fund is an existing investor. The applicable Adviser will maintain books and records that demonstrate compliance with this Condition for such Regulated Entity.
6. A Regulated Entity will not participate in any Potential Co-Investment Transaction unless the terms, conditions, price, class of securities to be purchased, settlement date, and registration rights will be the same for each participating Regulated Entity and Affiliated Fund. The grant to another Regulated Entity or an Affiliated Fund, but not the Regulated Entity, of the right to nominate a director for election to a portfolio company's board of directors, the right to have an observer on the board of directors or similar rights to participate in the governance or management of the portfolio company will not be interpreted so as to violate this Condition 6, if Conditions 2(c)(iii)(A),(B) and (C) are met.

¹⁴ This exception applies only to Follow-On Investments by a Regulated Entity in issuers in which that Regulated Entity already holds investments.

7.

- a. If any Regulated Entity or Affiliated Fund elects to sell, exchange or otherwise dispose of an interest in a security that was acquired in a Co-Investment Transaction, the applicable Advisers will:
 - i. notify each Regulated Entity that participated in the Co-Investment Transaction of the proposed disposition at the earliest practical time; and
 - ii. formulate a recommendation as to participation by each Regulated Entity in the disposition.
- b. Each Regulated Entity will have the right to participate in such disposition on a proportionate basis, at the same price and on the same terms and conditions as those applicable to the participating Regulated Entities and Affiliated Funds.
- c. A Regulated Entity may participate in such disposition without obtaining prior approval of the Required Majority if: (i) the proposed participation of each Regulated Entity and each Affiliated Fund in such disposition is proportionate to its outstanding investments in the issuer immediately preceding the disposition; (ii) the Board of the Regulated Entity has approved as being in the best interests of the Regulated Entity the ability to participate in such dispositions on a pro rata basis (as described in greater detail in this Application); and (iii) the Board of the Regulated Entity is provided on a quarterly basis with a list of all dispositions made in accordance with this Condition. In all other cases, the Adviser will provide its written recommendation as to such Regulated Entity's participation to such Regulated Entity's Eligible Trustees, and such Regulated Entity will participate in such disposition solely to the extent that a Required Majority determines that it is in such Regulated Entity's best interests.
- d. Each Regulated Entity and each Affiliated Fund will bear its own expenses in connection with any such disposition.

8.

- a. If a Regulated Entity or an Affiliated Fund desires to make a Follow-On Investment in a portfolio company whose securities were acquired in a Co-Investment Transaction, the applicable Advisers will:
 - i. notify each Regulated Entity that participated in the Co-Investment Transaction of the proposed transaction at the earliest practical time; and
 - ii. formulate a recommendation as to the proposed participation, including the amount of the proposed Follow-On Investment, by each Regulated Entity.
- b. A Regulated Entity may participate in such Follow-On Investment without obtaining prior approval of the Required Majority if: (i) the proposed participation of each Regulated Entity and each Affiliated Fund in such investment is proportionate to its outstanding investments in the issuer immediately preceding the Follow-On Investment; and (ii) the Board of the Regulated Entity has approved as being in the best interests of the Regulated Entity the ability to participate in Follow-On Investments on a pro rata basis (as described in greater detail in this Application). In all other cases, the Adviser will provide its written recommendation as to the Regulated Entity's participation to the Eligible Trustees, and the Regulated Entity will participate in such Follow-On Investment solely to the extent that a Required Majority determines that it is in the Regulated Entity's best interests.

- c. If, with respect to any Follow-On Investment:
 - i. the amount of a Follow-On Investment is not based on the Regulated Entities' and the Affiliated Funds' outstanding investments immediately preceding the Follow-On Investment; and
 - ii. the aggregate amount recommended by the applicable Advisers to be invested by each Regulated Entity in the Follow-On Investment, together with the amount proposed to be invested by the participating Affiliated Funds in the same transaction, exceeds the amount of the opportunity; then the amount invested by each such party will be allocated among them pro rata based on each party's capital available for investment in the asset class being allocated, up to the amount proposed to be invested by each.
 - d. The acquisition of Follow-On Investments as permitted by this Condition will be considered a Co-Investment Transaction for all purposes and subject to the other Conditions set forth in this Application.
9. The Independent Trustees of each Regulated Entity will be provided quarterly for review all information concerning Potential Co-Investment Transactions that fell within the Regulated Entity's then-current Objectives and Strategies and Board-Established Criteria, including investments in Potential Co-Investment Transactions made by other Regulated Entities and Affiliated Funds, that the Regulated Entity considered but declined to participate in, and concerning Co-Investment Transactions in which the Regulated Entity participated, so that the Independent Trustees may determine whether all Potential Co-Investment Transactions and Co-Investment Transactions during the preceding quarter, including those Potential Co-Investment Transactions which the Regulated Entity considered but declined to participate in, comply with the Conditions of the Order. In addition, the Independent Trustees will consider at least annually (a) the continued appropriateness for the Regulated Entity of participating in new and existing Co-Investment Transactions and (b) the continued appropriateness of any Board-Established Criteria.
10. Each Regulated Entity will maintain the records required by Section 57(f)(3) of the 1940 Act as if each of the Regulated Entities were a BDC and each of the investments permitted under these Conditions were approved by the Required Majority under Section 57(f).
11. No Independent Trustee of a Regulated Entity will also be a director, general partner, managing member or principal, or otherwise be an "affiliated person" (as defined in the 1940 Act), of any Affiliated Fund.
12. The expenses, if any, associated with acquiring, holding or disposing of any securities acquired in a Co-Investment Transaction (including, without limitation, the expenses of the distribution of any such securities registered for sale under the Securities Act) will, to the extent not payable by the Advisers under their respective investment advisory agreements with the Regulated Entities and the Affiliated Funds, be shared by the Affiliated Funds and the Regulated Entities in proportion to the relative amounts of the securities held or to be acquired or disposed of, as the case may be.

13. Any transaction fee¹⁵ (including break-up or commitment fees but excluding brokerage or underwriting compensation permitted by Section 17(e) or 57(k) of the 1940 Act, as applicable) received in connection with a Co-Investment Transaction will be distributed to the participating Regulated Entities and Affiliated Funds on a pro rata basis based on the amounts they invested or committed, as the case may be, in such Co-Investment Transaction. If any transaction fee is to be held by an Adviser pending consummation of the transaction, the fee will be deposited into an account maintained by the Adviser at a bank or banks having the qualifications prescribed in Section 26(a)(1) of the 1940 Act, and the account will earn a competitive rate of interest that will also be divided pro rata among the participating Regulated Entities and Affiliated Funds based on the amounts they invest in such Co-Investment Transaction. None of the Advisers, the Affiliated Funds, the other Regulated Entities or any affiliated person of the Regulated Entities or Affiliated Funds will receive additional compensation or remuneration of any kind as a result of or in connection with a Co-Investment Transaction (other than (a) in the case of the Regulated Entities and Affiliated Funds, the pro rata transaction fees described above and fees or other compensation described in Condition 2(c)(iii)(C), (b) brokerage or underwriting compensation permitted by Section 17(e) or 57(k) of the 1940 Act or (c) in the case of an Adviser, investment advisory fees paid in accordance with the investment advisory agreement between the Adviser and the Regulated Entity or Affiliated Fund).
14. If the Holders own in the aggregate more than 25% of the Shares of a Regulated Entity, then the Holders will vote such Shares in the same percentages as the Regulated Entity's other shareholders (not including the Holders) when voting on (1) the election of directors; (2) the removal of one or more directors; or (3) all other matters under either the 1940 Act or applicable State law affecting the Board's composition, size or manner of election.
15. Each Regulated Entity's chief compliance officer, as defined in Rule 38a-1(a)(4), will prepare an annual report for its Board each year that evaluates (and documents the basis of that evaluation) the Regulated Entity's compliance with the terms and Conditions of the Application and the procedures established to achieve such compliance.

IV. STATEMENT IN SUPPORT OF RELIEF REQUESTED

In accordance with Rule 17d-1 (made applicable to transactions subject to Section 57(a) by Section 57(i)), the Commission may grant the requested relief as to any particular joint transaction if it finds that the participation of the Regulated Entities in the joint transaction is consistent with the provisions, policies and purposes of the 1940 Act and is not on a basis different from or less advantageous than that of other participants. Applicants submit that allowing the Co-Investment Transactions described in this Application is justified on the basis of (i) the potential benefits to the Regulated Entities and the shareholders thereof and (ii) the protections found in the terms and Conditions.

As required by Rule 17d-1(b), the Conditions ensure that the terms on which Co-Investment Transactions may be made will be consistent with the participation of the Regulated Entities being on a basis that it is neither different from nor less advantageous than other participants, thus protecting the equity holders of any participant from being disadvantaged. The Conditions ensure that all Co-Investment Transactions are reasonable and fair to the Regulated Entities and their shareholders and do not involve overreaching by any person concerned, including the Advisers.

¹⁵ Applicants are not requesting and the staff of the Commission is not providing any relief for transaction fees received in connection with any Co-Investment Transaction.

A. Potential Benefits

In the absence of the relief sought hereby, in many circumstances the Regulated Entities would be limited in their ability to participate in attractive and appropriate investment opportunities. Section 17(d), Section 57(a)(4) and Rule 17d-1 of the 1940 Act should not prevent BDCs and registered closed-end investment companies from making investments that are in the best interests of their shareholders.

In cases where an Adviser identifies investment opportunities requiring larger capital commitments, it must seek the participation of other entities with similar investment styles. The ability to participate in Co-Investment Transactions that involve committing larger amounts of financing would enable each Regulated Entity to participate with one or more of the Affiliated Funds and the other Regulated Entities in larger financing commitments, which would, in turn, be expected to obtain discounted prices and increase income, expand investment opportunities and provide better access to due diligence information for the Regulated Entities. Indeed, each Regulated Entity's inability to co-invest with one or more of the Affiliated Funds and the other Regulated Entities could potentially result in the loss of beneficial investment opportunities for such Regulated Entity and, in turn, adversely affect such Regulated Entity's shareholders. For example, a Regulated Entity may lose investment opportunities if an Adviser cannot provide "one-stop" financing to a potential portfolio company. Portfolio companies may reject an offer of funding arranged by an Adviser due to a Regulated Entity's inability to commit the full amount of financing required by the portfolio company in a timely manner (*i.e.*, without the delay that typically would be associated with obtaining single-transaction exemptive relief from the Commission). The Advisers expect that any portfolio company that is an appropriate investment for a Regulated Entity should also be an appropriate investment for one or more other Regulated Entities and/or one or more Affiliated Funds, with certain exceptions based on available capital or diversification. The Regulated Entities, however, will not be obligated to invest, or co-invest, when investment opportunities are referred to them.

It is anticipated that a Regulated Entity's participation in Co-Investment Transactions with one or more other Regulated Entities and/or one or more Affiliated Funds should increase the number of favorable investment opportunities for the Regulated Entity. The Advisers expect that co-investments by the Regulated Entities and the Affiliated Funds, or among the Regulated Entities themselves, will provide the Regulated Entities (through participation in a larger number and greater variety of transactions) with the ability to achieve greater diversification and, together with the Affiliated Funds, the opportunity to obtain greater attention and better deal flow from investment bankers and others who act as sources of investments. Moreover, the Advisers believe that, without the Order, the Regulated Entities and the Affiliated Funds will have less bargaining power and will be limited in their ability to exercise influence on, or control over, the portfolio companies in which they invest.

A Regulated Entity's ability to co-invest with one or more other Regulated Entities and/or one or more Affiliated Funds would allow it to participate in transactions of a larger size. A BDC that makes investments of the type contemplated by the HPS Fund typically limits its participation in any one transaction to a specific dollar amount, which may be determined by legal or internally imposed limits on exposure in a single investment. The HPS Fund and any other Regulated Entity that is a BDC must also comply with certain investment limitations imposed by Section 55(a) of the Act.¹⁶ In addition, the Code imposes diversification and other requirements on companies, such as the Regulated Entities, which seek certain favorable tax treatment as a RIC under Subchapter M of the Code.¹⁷

¹⁶ Section 55(a) of the Act prohibits a BDC from acquiring any asset, other than those described in Section 55(a)(1)-(7) (**Eligible Assets**), unless at the time of acquisition the ratio of Eligible Assets (net of certain assets specified in the Section) to total assets (net of certain assets specified in the Section) equals 70% or greater at the time of the acquisition of the asset (the "**Section 55(a) Ratio**"). Thus, if a BDC's Section 55(a) Ratio is below 70%, it is prohibited from purchasing non-Eligible Assets.

¹⁷ See Section 851(b)(3) of the Code.

It also would be advantageous for a Regulated Entity to have the additional capital from the Affiliated Funds and the other Regulated Entities available to meet the funding requirements of attractive investments in portfolio companies. In view of the foregoing, in cases where an Adviser identifies investment opportunities for a Regulated Entity requiring larger capital commitments, it must seek the participation of other entities with similar investment styles. The availability of the Affiliated Funds and/or the other Regulated Entities as investing partners may alleviate the necessity for a Regulated Entity to co-invest with unaffiliated entities in certain circumstances.

Furthermore, a Regulated Entity may have to forego some investment opportunities if it cannot provide all of the financing required by a potential portfolio company. Portfolio companies may reject an offer of funding arranged by an Adviser as a result of a Regulated Entity's inability to commit the entire amount of financing required by the portfolio company in a timely manner (*i.e.*, without the delay that typically would be associated with obtaining single-transaction exemptive relief from the Commission or arranging a syndicated financing with unaffiliated entities). By reducing the number of instances in which a Regulated Entity's investment limits require the Adviser to arrange a syndicated financing with unaffiliated entities, the Regulated Entity will likely be required to forego fewer attractive investment opportunities. With the assets of the Affiliated Funds along with the assets of the other Regulated Entities available for co-investment, there should be an increase in the number of favorable investment opportunities accessible to each Regulated Entity.

B. Protective Representations and Conditions

The terms and Conditions set forth in this Application ensure that the proposed Co-Investment Transactions are consistent with the protection of each Regulated Entity's shareholders and with the purposes intended by the policies and provisions of the 1940 Act. Specifically, the Conditions incorporate the following critical protections: (i) in each Co-Investment Transaction, all Regulated Entities and Affiliated Funds participating in the Co-Investment Transactions will invest at the same time for the same price and with the same terms, conditions, class, registration rights and any other rights, so that none of them receives terms more favorable than any other; (ii) a Required Majority of each Regulated Entity must approve various investment decisions with respect to such Regulated Entity in accordance with the Conditions; and (iii) the Regulated Entities are required to retain and maintain certain records.

Other than pro rata dispositions and Follow-On Investments as provided in Conditions 7 and 8, and after making the determinations required in Conditions 1 and 2(a), for each Regulated Entity, the applicable Adviser will present each Potential Co-Investment Transaction and the proposed allocation to the Eligible Trustees, and the Required Majority will approve each Co-Investment Transaction prior to any investment by the participating Regulated Entity. With respect to the pro rata dispositions and Follow-On Investments provided in Conditions 7 and 8, a Regulated Entity may participate in a pro rata disposition or Follow-On Investment without obtaining prior approval of the Required Majority if, among other things: (i) the proposed participation of each Regulated Entity and each Affiliated Fund in such disposition is proportionate to its outstanding investments in the issuer immediately preceding the disposition or Follow-On Investment, as the case may be; and (ii) the Board of the Regulated Entity has approved that Regulated Entity's participation in pro rata dispositions and Follow-On Investments as being in the best interests of the Regulated Entity. If the Board does not so approve, any such disposition or Follow-On Investment will be submitted to the Regulated Entity's Eligible Trustees. The Board of any Regulated Entity may at any time rescind, suspend or qualify its approval of pro rata dispositions and Follow-On Investments with the result that all dispositions and/or Follow-On Investments must be submitted to the Eligible Trustees.

Applicants believe that participation by the Regulated Entities in pro rata dispositions and Follow-On Investments, as provided in Conditions 7 and 8, is consistent with the provisions, policies and purposes of the 1940 Act and will not be made on a basis different from or less advantageous than that of other participants. A formulaic approach, such as pro rata dispositions and Follow-On Investments, eliminates the discretionary ability to make allocation determinations, and in turn eliminates the possibility for overreaching and promotes fairness. Applicants note that the Commission has adopted a similar pro rata approach in the context of Rule 23c-2, which relates to the redemption by a closed-end investment company of less than all of a class of its securities, indicating the general fairness and lack of overreaching that such approach provides.

The foregoing analysis applies equally where a Wholly-Owned Investment Sub is involved in a Co-Investment Transaction as each Wholly-Owned Investment Sub will be treated as one company with its parent for purposes of this Application.

V. PRECEDENTS

The Commission previously has issued orders permitting certain investment companies subject to regulation under the 1940 Act and their affiliated persons to participate in Co-Investment Transactions that otherwise may be prohibited by Sections 17(d) and 57(a)(4) and Rule 17d-1 of the 1940 Act.¹⁸

HPS European Liquid Loan Opportunities Master Fund, L.P.	This fund seeks to provide investors with attractive risk-adjusted returns, through high floating rate income balanced by an objective of long-term principal preservation. The fund intends to provide investors with exposure to a diversified, actively managed portfolio consisting primarily of broadly syndicated senior secured loans issued by entities that are domiciled, or conduct a majority of their business operations, in Europe.
HPS Mezzanine Partners 2019, L.P.	<i>Mezzanine Debt</i> : This strategy seeks to achieve current returns as well as long-term capital appreciation through investments in mezzanine securities, which are high-yielding fixed and floating rate debt and debt-like instruments. Mezzanine securities may include subordinated debt (such as second lien and unsecured debt), preferred equity and convertible securities and may be accompanied by equity-related securities (such as options or warrants) and/or select common equity investments related to the strategy's mezzanine investments. In certain situations, the strategy may also invest in senior debt instruments and other opportunistic investments including unitranche securities, structured debt tranches and equity investments unrelated to the strategy's mezzanine investments.
