PROSPECTUS SUMMARY

This summary may not contain all of the information that is important to you, and it is qualified in its entirety by the more detailed information and financial statements, including the notes to those financial statements, appearing elsewhere or incorporated by reference in this prospectus. The Company

HPS Corporate Lending Fund (together with its consolidated subsidiaries, the “Company,” “we,” “us,” or “our”) is a non-diversified, closed-end management investment company that has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the “1940 Act”). We are externally managed by our adviser, HPS Advisors, LLC (the “Adviser”) pursuant to that certain investment advisory agreement (“Advisory Agreement”), which is responsible for sourcing potential investments, conducting due diligence on prospective investments, analyzing investment opportunities, structuring investments and monitoring our portfolio on an ongoing basis. Our Adviser is registered as an investment adviser with the SEC and a wholly-owned subsidiary of HPS Investment Partners, LLC (“HPS” or the “Administrator”). We have elected to be treated for U.S. federal income tax purposes, and intend to qualify annually, as a regulated investment company (a “RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (together with the rules and regulations promulgated thereunder, the “Code”).

Under our Advisory Agreement, we have agreed to pay the Adviser an annual management fee as well as an incentive fee based on our investment performance. Also, under that certain administration agreement between the Company and the Administrator (the “Administration Agreement”), we have agreed to reimburse the Administrator for the allocable portion of overhead and other expenses incurred by the Administrator in performing its obligations under the Administration Agreement, including, but not limited to, our allocable portion of the costs of compensation (including salaries, bonuses and benefits) and related expenses of our chief compliance officer, chief financial officer and their respective staffs; provided, that such expenses shall exclude (1) rent or depreciation, utilities, capital equipment and other administrative items of the Administrator, and (2) salaries, fringe benefits, travel expenses and other administrative items incurred or allocated to any “Controlling Person” (as defined in the North American Securities Administrators Association’s Omnibus Guidelines Statement of Policy, as amended from time to time (the “Omnibus Guidelines”)) of the Administrator.

Our investment objective is to generate attractive risk-adjusted returns, predominately in the form of current income, with select investments exhibiting the ability to capture long-term capital appreciation. Our investment strategy focuses primarily on newly originated, privately negotiated senior credit investments in high-quality, established upper middle market companies and, in select situations, companies in special situations. We use the term upper middle market companies to generally mean companies with “EBITDA” of \$75 million to \$1 billion annually or \$250 million to \$5 billion in revenue annually at the time of investment. We have and may continue to invest in smaller or larger companies if the opportunity presents attractive investment characteristics and risk-adjusted returns. While our investment strategy primarily focuses on companies in the United States, we also intend to leverage HPS’s global presence to invest in companies in Europe, Australia and other locations outside the U.S., subject to compliance with BDC requirements to invest at least 70% of assets in “eligible portfolio

companies.” We also include a smaller allocation to more liquid credit investments such as broadly syndicated loans and corporate bonds. We intend to use these investments to maintain liquidity for our share repurchase program and to manage cash while seeking attractive returns before investing subscription proceeds from our continuous offering of our common shares into originated loans. We invest at least 80% of our total assets (net assets plus borrowings for investment purposes) in credit and credit-related instruments issued by corporate issuers (including loans, notes, bonds and other corporate debt securities). If we change our 80% test, we will provide shareholders with at least 60 days’ prior notice of such change. Although not expected to be a primary component of our investment strategy, we also have the ability to acquire investments through secondary transactions, including through loan portfolios, receivables, contractual obligations to purchase subsequently originated loans and other debt instruments. Although not expected to be a primary component of our investment strategy, we may also make certain opportunistic investments in instruments other than secured debt with a view to enhancing returns, such as mezzanine debt, payment-in-kind (“PIK”) notes, convertible debt and other unsecured debt instruments, structured debt that is not secured by financial or other assets, debtor-in-possession financings and equity in loan portfolios or portfolios of receivables (“Opportunistic Investments”), in each case taking into account availability of leverage for such investments and our target risk/return profile. In addition, we may also participate in programmatic investments through partnerships or joint ventures with one or more unaffiliated banks or other financial institutions, including structures where a partner assumes senior exposure to each investment, and we participate in the junior exposure.

Subject to the limitations of the 1940 Act, we may invest in loans or other securities, the proceeds of which may refinance or otherwise repay debt or securities of companies whose debt is owned by other funds and accounts sponsored or managed by the Adviser or HPS. We expect to invest in co-investment transactions with other funds and accounts sponsored or managed by the Adviser or HPS.

To seek to enhance our returns, we employ leverage as market conditions permit and at the discretion of the Adviser, but we are subject to the limitations set forth in the 1940 Act, which currently allows us to borrow up to a 2:1 debt to equity ratio. See “*Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations—Financial Condition, Liquidity and Capital Resources—Borrowings*” in the Company’s [Annual Report on Form 10-K for the fiscal year ended December 31, 2023](#) and “*Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations—Financial Condition, Liquidity and Capital Resources—Borrowings*” in the Company’s [Quarterly Report on Form 10-Q for the quarter ended September 30, 2024](#), each of which is incorporated by reference herein. We intend to use leverage in the form of borrowings, including loans from certain financial institutions and the issuance of debt securities. We may also use leverage in the form of the issuance of preferred shares, but do not currently intend to do so. In determining whether to borrow money, we will analyze the maturity, covenant package and rate structure of the proposed borrowings as well as the risks of such borrowings compared to our investment outlook. Any such leverage, if incurred, would be expected to increase our total capital available for investment.

To finance investments, we have in the past and may in the future securitize certain of our secured loans or other investments, including through the formation of one or more collateralized loan obligations (“CLOs”), while retaining all or most of the subordinated notes issued in the securitization.

The Company is a Delaware statutory trust formed on December 23, 2020. We are currently offering on a continuous basis up to \$15.0 billion of common shares of beneficial interest pursuant to an offering registered with the Securities and Exchange Commission. The Company offers to sell any combination of four classes of common shares, Class I shares, Class S shares, Class D shares and Class F shares, with a dollar value up to the maximum offering amount.

On December 3, 2024, HPS and BlackRock Inc. (“BlackRock”) entered into an agreement for BlackRock to acquire 100% of the business and assets of HPS with 100% of consideration paid in BlackRock equity (the

“HPS/BlackRock Transaction”). The HPS/BlackRock Transaction is expected to close in mid-2025 subject to receipt of certain consents from investors in HPS funds and accounts, regulatory approvals and satisfaction of other customary closing conditions. The HPS/BlackRock Transaction is expected to bring together BlackRock’s corporate and asset owner relationships with HPS’s diversified origination and capital flexibility, and create an integrated private credit franchise with approximately \$220 billion in client assets. If the HPS/BlackRock Transaction occurs, BlackRock and HPS will form a new private financing solutions business unit led by Scott Kapnick, Scot French, and Michael Patterson. This combined platform is expected to have broad capabilities across senior and junior credit solutions, asset-based finance, real estate, private placements, and CLOs. As part of the HPS/BlackRock Transaction, Scott Kapnick, Scot French, and Michael Patterson will join BlackRock’s Global Executive Committee and Scott Kapnick will be an observer to the BlackRock Board of Directors. There can be no assurances that the HPS/BlackRock Transaction will take place, or if it does, what the impact will be on HPS or the Company.

Summary of the Terms of the Exchange Offer

The following summary contains basic information about the exchange offer. It does not contain all the information that may be important to you. For a more complete description of the exchange offer, you should read the discussion under the heading “The Exchange Offer.”

Exchange Notes

\$750,000,000 aggregate principal amount of 5.450% Notes due 2028 (the “2028 Exchange Notes”).

\$500,000,000 aggregate principal amount of 5.950% Notes due 2032 (the “2032 Exchange Notes” and, together with the 2028 Exchange Notes, the “Exchange Notes”).

The terms of our 2028 Exchange Notes and 2032 Exchange Notes that have been registered with the SEC under the Securities Act of 1933, as amended (the “1933 Act”), are substantially identical to those of our outstanding 2028 Notes (the “2028 Restricted Notes”) and 2032 Notes (the “2032 Restricted Notes” and, together with the 2028 Restricted Notes, the “Restricted Notes”) that were issued in transactions not requiring registration under the 1933 Act on January 14, 2025, except that the transfer restrictions and registration rights relating to the Restricted Notes will not apply to the Exchange Notes, and the Exchange Notes will not provide for the payment of additional interest in the event of a Registration Default (defined below). In addition, the Exchange Notes will bear a different CUSIP number than the Restricted Notes. See “Description of the Exchange Notes.”

We refer to the 2028 Restricted Notes and the 2028 Exchange Notes together as the “2028 Notes” and the 2032 Restricted Notes and the 2032 Exchange Notes together as the “2032 Notes”. We refer to the Restricted Notes and the Exchange Notes as the “Notes”.

Restricted Notes

\$750,000,000 aggregate principal amount of 5.450% Notes due 2028, which were issued in a private placement on January 14, 2025.

\$500,000,000 aggregate principal amount of 5.950% Notes due 2032, which were issued in a private placement on January 14, 2025.

The Exchange Offer

In the exchange offer, we will exchange the 2028 Restricted Notes and 2032 Restricted Notes that are validly tendered and not withdrawn prior to the expiration of the exchange offer for a like principal amount of the 2028 Exchange Notes and 2032 Exchange Notes, respectively, to satisfy certain of our obligations under the applicable registration rights agreement that we entered into when the Restricted Notes were issued in reliance upon exemptions from registration under the 1933 Act.

Registration Rights Agreement

In order to be exchanged, outstanding Restricted Notes must be validly tendered and accepted. We will accept any and all Restricted Notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on March 26, 2025. Holders may tender some or all of their Restricted Notes pursuant to the exchange offer. However, Restricted Notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000.

We will issue Exchange Notes promptly after the expiration of the exchange offer. See “The Exchange Offer—Terms of the Exchange Offer.”

In connection with the private placement of the 2028 Restricted Notes, we entered into a registration rights agreement with Goldman Sachs & Co. LLC, J.P. Morgan Securities LLC, SMBC Nikko Securities America, Inc., Wells Fargo Securities, LLC, BNP Paribas Securities Corp., and RBC Capital Markets, LLC, as representatives of the several initial purchasers. In connection with the private placement of the 2032 Restricted Notes, we entered into a registration rights agreement with Goldman Sachs & Co. LLC, J.P. Morgan Securities LLC, SMBC Nikko Securities America, Inc., Wells Fargo Securities, LLC, and BofA Securities, Inc., as representatives of the several initial purchasers.

Under each registration rights agreement, we agreed, for the benefit of the holders of the related Restricted Notes, to use commercially reasonable efforts to:

- file a registration statement (the “Exchange Offer Registration Statement”) with respect to a registered offer to exchange the Restricted Notes for the Exchange Notes having terms substantially identical to the Restricted Notes being exchanged, except that the transfer restrictions and registration rights relating to the Restricted Notes will not apply to the Exchange Notes, and the Exchange Notes will not provide for the payment of additional interest in the event of a Registration Default;
- cause the Exchange Offer Registration Statement to become effective and continuously effective, supplemented and amended, for a period ending on the earlier of (i) 180 days from the date on which the Exchange Offer Registration Statement becomes or is declared effective and (ii) the date on which a broker-dealer registered under the 1933 Act is no longer required to deliver a prospectus in connection with market-making or other trading activities; and
- cause the exchange offer to be consummated on the earliest practicable date after the Exchange Offer Registration Statement has become or been declared effective, but in no event later than 365 days after the initial issuance of the Restricted Notes (or if such 365th day is not a business day, the next succeeding business day).

The registration statement of which this prospectus forms a part constitutes an Exchange Offer Registration Statement for purposes of the registration rights agreements.

We also agreed to keep the Exchange Offer Registration Statement effective for not less than the minimum period required under applicable federal and state securities laws to consummate the exchange offer; *provided, however*, that in no event shall such period be less than 20 business days after the commencement of the exchange offer. If we fail to meet certain conditions described in the applicable registration rights agreement (“Registration Default”), the interest rate borne by the affected series of Restricted Notes will increase by 0.25% per annum and will increase by an additional 0.25% per annum on the principal amount of Notes with respect to each subsequent 90-day period, up to a maximum of additional interest of 0.50% per annum (the “Additional Interest”). Additional Interest due pursuant to Registration Defaults will be paid in cash on the relevant interest payment date to holders of record on the relevant regular record dates. Following the cure of all Registration Defaults relating to any particular Restricted Notes, the interest rate borne by such Restricted Notes will be reduced to the original interest rate borne by such Restricted Notes; *provided, however*, that, if after any such reduction in interest rate, a different Registration Default occurs, the interest rate borne by the relevant Restricted Notes will again be increased pursuant to the foregoing provisions.

If the Company is not able to effect the exchange offer, the Company will be obligated to file a shelf registration statement covering the resale of the Notes and use its commercially reasonable efforts to cause such registration statement to be declared effective.

A copy of each registration rights agreement is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. See “The Exchange Offer—Purpose and Effect of the Exchange Offer.”

Resales of Exchange Notes

We believe that the Exchange Notes received in the exchange offer may be resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the 1933 Act (subject to the limitations described below). If an interest payment date falls on a non-business day, the applicable interest payment will be made on the next business day and no additional interest will accrue as a result of such delayed payment.</p>
Optional Redemption	<p>Prior to the Par Call Date (as defined below), we may redeem some or all of the Notes at our option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of (1) 100% of the principal amount of the 2028 Notes or 2032 Notes to be redeemed, and (2)(a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the Notes matured on, in</p>

	<p>the case of the 2028 Notes, December 14, 2027 (the date falling one month prior to the maturity date of the 2028 Notes) and in the case of the 2032 Notes, February 14, 2032 (the date falling two months prior to the maturity date of the 2032 Notes) (each a “Par Call Date”)) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 25 basis points, plus (b) interest accrued to the date of redemption, plus, in either case, interest accrued and unpaid to the date of such optional redemption, but excluding the redemption date.</p> <p>On or after the Par Call Date, or at any time before the maturity date of the applicable Notes, as applicable, we may redeem some or all of the 2028 Notes or 2032 Notes at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus, in each case, accrued and unpaid interest thereon to the redemption date.</p>
Change of Control; Offer to Repurchase	<p>If a Change of Control Repurchase Event described under “Description of the Exchange Notes—Offer to Repurchase Upon a Change of Control Repurchase Event” occurs, holders of the Exchange Notes will have the right, at their option, to require us to repurchase for cash some or all of the Notes at a repurchase price equal to 100% of the principal amount of the Notes being repurchased, plus accrued and unpaid interest to, but not including, the repurchase date. See “Description of the Exchange Notes—Offer to Repurchase Upon a Change of Control Repurchase Event.” For the avoidance of doubt, the HPS/BlackRock Transaction as currently contemplated will not result in a Change of Control or a Change of Control Repurchase Event under the Indenture.</p>
Use of Proceeds	<p>We will not receive any cash proceeds from the issuance of the Exchange Notes pursuant to the exchange offer. In consideration for issuing the Exchange Notes as contemplated in this prospectus, we will receive in exchange a like principal amount of Restricted Notes, the terms of which are substantially identical to the Exchange Notes. The Restricted Notes surrendered in exchange for the Exchange Notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the Exchange Notes will not result in any change in our capitalization. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.</p>
Book-Entry Form	<p>The Exchange Notes will be issued in book-entry form and will be represented by permanent global certificates deposited with, or on behalf of, DTC, and registered in the name of Cede & Co., as nominee of DTC. Beneficial interests in any of the Exchange Notes will be shown on, and transfers will be effected only through, records maintained by DTC or its nominee, and any such interest may not be exchanged for certificated securities, except in limited circumstances described below. See “Description of Exchange Notes—Book-Entry System.”</p>

Trustee	The Trustee for the Exchange Notes will be U.S. Bank Trust Company, National Association.
Governing Law	The Indenture and the Restricted Notes are, and the Exchange Notes will be, governed by the laws of the State of New York without regard to conflict of laws principles thereof.
Risk Factors	You should refer to the section entitled “Risk Factors” and other information included or incorporated by reference in this prospectus for an explanation of certain risks of investing in the Exchange Notes. See “Risk Factors.”

RISK FACTORS

In addition to the other information included in this prospectus, you should carefully consider the risks described under “Cautionary Statement Regarding Forward-Looking Statements” and under “Risk Factors” set forth in the Company’s [Annual Report on Form 10-K for the fiscal year ended December 31, 2023](#), which are incorporated by reference in this prospectus, and the following risks before investing in the Exchange Notes.

Risks Related to the Exchange Notes

The Exchange Notes are unsecured and therefore are effectively subordinated to any secured indebtedness we may incur.

The Exchange Notes are not secured by any of our assets or any of the assets of our subsidiaries. As a result, the Exchange Notes are effectively subordinated to any secured indebtedness we or our subsidiaries have outstanding as of the date of this prospectus or that we or our subsidiaries may incur in the future (or any indebtedness that is initially unsecured in respect of which we subsequently grant security) to the extent of the value of the assets securing such indebtedness. In any liquidation, dissolution, bankruptcy or other similar proceeding, the holders of any of our existing or future secured indebtedness and the secured indebtedness of our subsidiaries may assert rights against the assets pledged to secure that indebtedness in order to receive full payment of their indebtedness before the assets may be used to pay other creditors, including the holders of the Exchange Notes. As of September 30, 2024, our total consolidated indebtedness was approximately \$5.5 billion, approximately \$3.5 billion of which was secured, and approximately \$2.8 billion of which was indebtedness of our subsidiaries.

The Exchange Notes are subordinated structurally to the indebtedness and other liabilities of our subsidiaries.

The Exchange Notes are obligations exclusively of the Company and not of any of our subsidiaries. None of our subsidiaries is a guarantor of the Exchange Notes, and the Exchange Notes are not required to be guaranteed by any subsidiaries we may acquire or create in the future. As of September 30, 2024, approximately \$2.8 billion of the indebtedness required to be consolidated on our balance sheet was held through subsidiary financing vehicles and secured by certain assets of such subsidiaries. Except to the extent we are a creditor with recognized claims against our subsidiaries, all claims of creditors, including trade creditors, and holders of preferred stock, if any, of our subsidiaries will have priority over our claims (and therefore the claims of our creditors, including holders of the Exchange Notes) with respect to the assets of such subsidiaries. Even if we were recognized as a creditor of one or more of our subsidiaries, our claims would still be effectively subordinated to any security interests in the assets of any such subsidiary and to any indebtedness or other liabilities of any such subsidiary senior to our claims. Consequently, the Exchange Notes are subordinated structurally to all indebtedness and other liabilities of any of our subsidiaries and any subsidiaries that we may in the future acquire or establish as financing vehicles or otherwise. All of the existing indebtedness of our subsidiaries is structurally senior to the Exchange Notes. In addition, our subsidiaries may incur substantial additional indebtedness in the future, all of which would be structurally senior to the Exchange Notes.

A downgrade, suspension or withdrawal of the credit rating assigned by a rating agency to us or the Exchange Notes, if any, could cause the liquidity or market value of the Exchange Notes to decline significantly.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Exchange Notes. These credit ratings may not reflect the potential impact of risks relating to the structure or marketing of the Exchange Notes. Credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization in its sole discretion. Neither we nor any initial purchaser undertakes any obligation to maintain our credit ratings or to advise holders of the Exchange Notes of any changes in our credit ratings.

There can be no assurance that their respective credit ratings will remain for any given period of time or that such credit ratings will not be lowered or withdrawn entirely by the applicable ratings agency if in its judgment future circumstances relating to the basis of the credit rating, such as adverse changes in our business, financial condition and results of operations, so warrant.

An increase in market interest rates could result in a decrease in the market value of the Exchange Notes.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, which could have an adverse effect on the market prices of the Exchange Notes. In general, as market interest rates rise, debt securities bearing interest at fixed rates of interest decline in value. Consequently, if you purchase Exchange Notes bearing interest at fixed rates and market interest rates increase, the market values of those Exchange Notes may decline. We cannot predict the future level of market interest rates.

The Indenture governing the Exchange Notes contains limited protection for holders of the Exchange Notes.

The Indenture governing the Exchange Notes offers limited protection to holders of the Exchange Notes. The terms of the Indenture and the Exchange Notes do not restrict our or any of our subsidiaries' ability to engage in, or otherwise be a party to, a variety of corporate transactions, circumstances or events that could have an adverse impact on your investment in the Exchange Notes. In particular, the terms of the Indenture and the Exchange Notes do not place any restrictions on our or our subsidiaries' ability to:

- issue securities or otherwise incur additional indebtedness or other obligations, including (1) any indebtedness or other obligations that would be equal in right of payment to the Exchange Notes, (2) any indebtedness or other obligations that would be secured and therefore rank effectively senior in right of payment to the Exchange Notes to the extent of the values of the assets securing such debt, (3) indebtedness of ours that is guaranteed by one or more of our subsidiaries and which therefore is structurally senior to the Exchange Notes and (4) securities, indebtedness or obligations issued or incurred by our subsidiaries that would be senior to our equity interests in our subsidiaries and therefore rank structurally senior to the Exchange Notes with respect to the assets of our subsidiaries, in each case other than an incurrence of indebtedness or other obligation that would cause a violation of Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) and (2) of the 1940 Act or any successor provisions, as such obligations may be amended or superseded, giving effect to any exemptive relief granted to us by the SEC;
- pay distributions on, or purchase or redeem or make any payments in respect of, capital stock or other securities ranking junior in right of payment to the Exchange Notes;
- sell assets (other than certain limited restrictions on our ability to consolidate, merge or sell all or substantially all of our assets);
- enter into transactions with affiliates;
- create liens (including liens on the shares of our subsidiaries) or enter into sale and leaseback transactions;
- make investments; or
- create restrictions on the payment of distributions or other amounts to us from our subsidiaries.

In addition, the terms of the Indenture and the Exchange Notes do not protect holders of the Exchange Notes in the event that we experience changes (including significant adverse changes) in our financial condition, results of operations or credit ratings, as they do not require that we or our subsidiaries adhere to any financial tests or ratios or specified levels of net worth, revenues, income, cash flow or liquidity other than as described under "Description of the Exchange Notes—Events of Default" in this prospectus.

Our ability to recapitalize, incur additional debt and take a number of other actions are not limited by the terms of the Exchange Notes and may have important consequences for you as a holder of the Exchange Notes, including making it more difficult for us to satisfy our obligations with respect to the Exchange Notes or negatively affecting the trading value of the Exchange Notes.

Other debt we issue or incur in the future could contain more protections for its holders than the Indenture and the Exchange Notes, including additional covenants and events of default. See “Risk Factors—Risks Related to Debt Financing—We borrow money, which magnifies the potential for loss on amounts invested in us and may increase the risk of investing in us. Borrowed money may also adversely affect the return on our assets, reduce cash available for debt service, and result in losses” in the Company’s [Annual Report on Form 10-K for the fiscal year ended December 31, 2023](#), which is incorporated by reference herein. The issuance or incurrence of any such debt with incremental protections could affect the market for and trading levels and prices of the Exchange Notes.

The optional redemption provision may materially adversely affect your return on the Exchange Notes.

The Exchange Notes are redeemable in whole or in part upon certain conditions at any time or from time to time at our option. We may choose to redeem the Exchange Notes at times when prevailing interest rates are lower than the interest rate paid on the Exchange Notes. In this circumstance, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the Exchange Notes being redeemed.

There is currently no public market for the Exchange Notes. If an active trading market for the Exchange Notes does not develop or is not maintained, you may not be able to sell them.

The Exchange Notes are a new issue of debt securities for which there currently is no trading market. We do not currently intend to apply for listing of the Exchange Notes on any securities exchange or for quotation of the Exchange Notes on any automated dealer quotation system. If no active trading market develops, you may not be able to resell your Exchange Notes at their fair market value or at all. If the Exchange Notes are traded after their initial issuance, they may trade at a discount from their initial offering price depending on prevailing interest rates, the market for similar securities, our credit ratings, general economic conditions, our financial condition, performance and prospects and other factors. Certain of the initial purchasers in the private offerings of the outstanding Restricted Notes have advised us that they intend to make a market in the Exchange Notes as permitted by applicable laws and regulations; however, the initial purchasers are not obligated to make a market in any of the Exchange Notes, and they may discontinue their market-making activities at any time without notice. Accordingly, we cannot assure you that an active and liquid trading market will develop or continue for the Exchange Notes, that you will be able to sell your Exchange Notes at a particular time or that the price you receive when you sell will be favorable. To the extent an active trading market does not develop, the liquidity and trading price for the Exchange Notes may be harmed. Accordingly, you may be required to bear the financial risk of an investment in the Exchange Notes for an indefinite period of time.

We may not be able to repurchase the Exchange Notes upon a Change of Control Repurchase Event.

We may not be able to repurchase the Exchange Notes upon a Change of Control Repurchase Event because we may not have sufficient funds. Upon a Change of Control Repurchase Event, holders of the Exchange Notes may require us to repurchase for cash some or all of the Exchange Notes at a repurchase price equal to 100% of the aggregate principal amount of the Exchange Notes being repurchased, plus accrued and unpaid interest to, but not including, the repurchase date. Our failure to purchase such tendered Exchange Notes upon the occurrence of such Change of Control Repurchase Event would cause an event of default under the Indenture governing the Exchange Notes and a cross-default under the agreements governing certain of our other indebtedness, which may result in the acceleration of such indebtedness requiring us to repay that indebtedness immediately. If a Change of Control Repurchase Event were to occur, we may not have sufficient funds to repay any such

accelerated indebtedness and/or to make the required repurchase of the Exchange Notes. See “Description of the Exchange Notes—Offer to Repurchase Upon a Change of Control Repurchase Event” in this prospectus for additional information.

FATCA withholding may apply to payments to certain foreign entities.

Payments made under the Exchange Notes to a foreign financial institution or non-financial foreign entity (including such an institution or entity acting as an intermediary) may be subject to a U.S. withholding tax of 30% under U.S. Foreign Account Tax Compliance Act provisions of the Code (commonly referred to as “FATCA”). This withholding tax may apply to certain payments of interest on the Exchange Notes unless the foreign financial institution or non-financial foreign entity complies with certain information reporting, withholding, identification, certification and related requirements imposed by FATCA. You should consult your own tax advisors regarding FATCA and how it may affect your investment in the Exchange Notes.

Risks Related to the Exchange Offer

If you fail to exchange your Restricted Notes, they will continue to be restricted securities and may become less liquid.

Restricted Notes that you do not validly tender or that we do not accept will, following the exchange offer, continue to be restricted securities, and you may not offer to sell them except under an exemption from, or in a transaction not subject to, the 1933 Act and applicable state securities laws. We will issue the Exchange Notes in exchange for the Restricted Notes in the exchange offer only following the satisfaction of the procedures and conditions set forth in “The Exchange Offer—Procedures for Tendering Restricted Notes.” Because we anticipate that most holders of the Restricted Notes will elect to exchange their outstanding Restricted Notes, we expect that the liquidity of the market for the Restricted Notes remaining after the completion of the exchange offer will be substantially limited, which may have an adverse effect upon and increase the volatility of the market price of the outstanding Restricted Notes. Any Restricted Notes tendered and exchanged in the exchange offer will reduce the aggregate principal amount of the outstanding Restricted Notes at maturity. Further, following the exchange offer, if you did not exchange your Restricted Notes, you generally will not have any further registration rights, and Restricted Notes will continue to be subject to certain transfer restrictions.

Broker-dealers may need to comply with the registration and prospectus delivery requirements of the 1933 Act.

Any broker-dealer that (1) exchanges its Restricted Notes in the exchange offer for the purpose of participating in a distribution of the Exchange Notes or (2) resells Exchange Notes that were received by it for its own account in the exchange offer may be deemed to have received restricted securities and will be required to comply with the registration and prospectus delivery requirements of the 1933 Act in connection with any resale transaction by that broker-dealer. Any profit on the resale of the Exchange Notes and any commission or concessions received by a broker-dealer may be deemed to be underwriting compensation under the 1933 Act.

You may not receive the Exchange Notes in the exchange offer if the exchange offer procedures are not validly followed.

We will issue the Exchange Notes in exchange for your Restricted Notes only if you validly tender such Restricted Notes before expiration of the exchange offer. Neither we, the trustee nor the exchange agent is under any duty to give notification of defects or irregularities with respect to the tenders of the Restricted Notes for exchange. If you are the beneficial holder of Restricted Notes that are held through your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender such Restricted Notes in the exchange offer, you should promptly contact the person through whom your Restricted Notes are held and instruct that person to tender the Restricted Notes on your behalf.

Risks Related to the HPS/BlackRock Transaction

The HPS/BlackRock Transaction could create a conflict of interest in the allocation of the Adviser's time and focus.

On December 3, 2024, HPS and BlackRock entered into an agreement for BlackRock to acquire 100% of the business and assets of HPS. However, the HPS/BlackRock Transaction remains subject to a number of conditions, including the receipt of certain consents from investors in HPS funds and accounts, regulatory approvals and satisfaction of other customary closing conditions. There can be no assurances that the HPS/BlackRock Transaction will take place, in which case the current ownership structure of HPS will remain in place. However, the operation of HPS, including the operation of the Adviser, may nonetheless be adversely affected as a result of disruptions to the HPS business and efforts expended pursuing the HPS/BlackRock Transaction.

If the HPS/BlackRock Transaction occurs, HPS and thus, the Adviser, will be owned by BlackRock. There is no guarantee that HPS, or the Adviser, will be able to successfully transition, maintain and continue to build its business after the HPS/BlackRock Transaction or that HPS and BlackRock will be able to successfully optimize their joint business operations. In particular, as with any change in ownership, HPS and the Adviser will be subject to substantial risks, including with respect to the long-term retention of key employees, the successful consolidation of corporate, technological and administrative infrastructures and the retention of existing business and operational relationships. It is possible that employees currently involved in the operation of HPS and the Adviser may not continue with HPS and/or the Adviser after the HPS/BlackRock Transaction and the operations and business relationships of HPS and the Adviser may be disrupted following the HPS/BlackRock Transaction. The integration of HPS and the Adviser into BlackRock will be a complex, costly and time-consuming process and if HPS or the Adviser experiences difficulties in this process, any anticipated benefits may not be realized fully or at all, or may take longer to realize than expected, which could have an adverse effect on HPS or the Adviser for an undetermined period. In addition, there can be no assurances that HPS and BlackRock will realize the potential operating efficiencies, synergies and other benefits currently anticipated from the HPS/BlackRock Transaction, and a failure to obtain such synergies may adversely affect the operations of HPS and the Adviser. Some of the challenges presented by the integration of the businesses are outside of HPS's or the Adviser's control, and any of them could result in delays, increased costs and diversion of management's time and energy, which could materially affect HPS's or the Adviser's financial position, results of operations, and cash flows. In the event that the HPS/BlackRock Transaction has an adverse impact on HPS or the Adviser, including for the foregoing reasons, the operations of the Company may be adversely affected.

BlackRock is one of the largest and most diverse financial institutions in the world. As a result, although not expected, it may have other business units that compete with HPS or seek investment opportunities that are appropriate for the Company, and it has policies and procedures that may limit or otherwise impact the operations of HPS, the Adviser and/or the Company. Further, certain issuers may prefer to work with a smaller or independent sponsor, which may adversely affect the Adviser's ability to source new investment opportunities for the Company.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the Exchange Notes pursuant to the exchange offer. In consideration for issuing the Exchange Notes as contemplated in this prospectus, we will receive in exchange a like principal amount of Restricted Notes, the terms of which are substantially identical to the Exchange Notes. The Restricted Notes surrendered in exchange for the Exchange Notes will be retired and cancelled and cannot be reissued. Accordingly, the issuance of the Exchange Notes will not result in any change in our capitalization. We have agreed to bear the expenses of the exchange offer. No underwriter is being used in connection with the exchange offer.

We discuss in greater detail, and incorporate by reference into this prospectus in their entirety, many of these risks and uncertainties in the sections titled “Risk Factors” in this prospectus, and the Company’s [Annual Report on Form 10-K](#) for the fiscal year ended December 31, 2023. These projections and forward-looking statements apply only as of the date of this prospectus. Moreover, we assume no duty and do not undertake to update the forward-looking statements, except as required by applicable law.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

We issued \$750,000,000 aggregate principal amount of the 2028 Restricted Notes and \$500,000,000 aggregate principal amount of the 2032 Restricted Notes in transactions not requiring registration under the 1933 Act on January 14, 2025.

The 2028 Restricted Notes were issued, and the 2028 Exchange Notes will be issued, pursuant to a base indenture dated as of January 30, 2024 (the “Base Indenture”), and the third supplemental indenture, dated as of January 14, 2025, to the Base Indenture (the “Third Supplemental Indenture,”) between us and U.S. Bank Trust Company, National Association, as Trustee (the “Trustee”). The 2032 Restricted Notes were issued, and the 2032 Exchange Notes will be issued, pursuant to the Base Indenture and the fourth supplemental indenture, dated as of January 14, 2025, to the Base Indenture (the “Fourth Supplemental Indenture” and, together with the Base Indenture and the Third Supplemental Indenture, the “Indenture”) between us and the Trustee.

In connection with such Restricted Notes issuances, we entered into registration rights agreements, which require that we file this registration statement under the 1933 Act with respect to the Exchange Notes to be issued in the exchange offer and, upon the effectiveness of this registration statement, offer to you the opportunity to exchange your Restricted Notes for a like principal amount of Exchange Notes.

Under each registration rights agreement, we agreed, for the benefit of the holders of the related Restricted Notes, to use commercially reasonable efforts to:

- file the Exchange Offer Registration Statement with respect to a registered offer to exchange the Restricted Notes for the Exchange Notes having terms substantially identical to the Restricted Notes being exchanged, except that the transfer restrictions and registration rights relating to the Restricted Notes will not apply to the Exchange Notes, and the Exchange Notes will not provide for the payment of additional interest in the event of a Registration Default;
- cause the Exchange Offer Registration Statement to become effective and continuously effective, supplemented and amended, for a period ending on the earlier of (i) 180 days from the date on which the Exchange Offer Registration Statement becomes or is declared effective and (ii) the date on which a broker-dealer registered under the 1933 Act is no longer required to deliver a prospectus in connection with market-making or other trading activities; and
- cause the exchange offer to be consummated on the earliest practicable date after the Exchange Offer Registration Statement has become or been declared effective, but in no event later than 365 days after the initial issuance of the Restricted Notes (or if such 365th day is not a business day, the next succeeding business day).

We also agreed to keep the Exchange Offer Registration Statement effective for not less than the minimum period required under applicable federal and state securities laws to consummate the exchange offer; *provided, however*, that in no event shall such period be less than 20 business days after the commencement of the exchange offer. If there is a Registration Default, the interest rate borne by the affected series of Restricted Notes will increase by 0.25% per annum and will increase by an additional 0.25% per annum on the principal amount of Notes with respect to each subsequent 90-day period, up to a maximum of additional interest of 0.50% per annum. Additional Interest due pursuant to Registration Defaults will be paid in cash on the relevant interest payment date to holders of record on the relevant regular record dates. Following the cure of all Registration Defaults relating to any particular Restricted Notes, the interest rate borne by such Restricted Notes will be reduced to the original interest rate borne by such Restricted Notes; *provided, however*, that, if after any such reduction in interest rate, a different Registration Default occurs, the interest rate borne by the relevant Restricted Notes will again be increased pursuant to the foregoing provisions.

If the Company is not able to effect the exchange offer, the Company will be obligated to file a shelf registration statement covering the resale of the Notes and use its commercially reasonable efforts to cause such registration statement to be declared effective.

The Exchange Notes will be issued without a restrictive legend, and except as set forth below, you may resell or otherwise transfer them without registration under the 1933 Act. After we complete the exchange offer, our obligation to register the exchange of Exchange Notes for Restricted Notes will terminate. A copy of each registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties unrelated to us, including *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991) and *Shearman & Sterling*, SEC no-action letter (July 2, 1993), subject to the limitations described in the succeeding three paragraphs, we believe that you may resell or otherwise transfer the Exchange Notes issued to you in the exchange offer without compliance with the registration and prospectus delivery requirements of the 1933 Act. Our belief, however, is based on your representations to us that:

- you are acquiring the Exchange Notes in the ordinary course of your business;
- you are not engaging in and do not intend to engage in a distribution of the Exchange Notes;
- you do not have an arrangement or understanding with any person or entity to participate in the distribution of the Exchange Notes;
- you are not our “affiliate” as that term is defined in Rule 405 under the 1933 Act;
- you are not a broker-dealer tendering Restricted Notes acquired directly from us for your own account; and
- you are not acting on behalf of any person that could not truthfully make these representations.

If you cannot make the representations described above, you may not participate in the exchange offer, you may not rely on the staff’s interpretations discussed above, and you must, in the absence of an exemption therefrom, comply with registration and the prospectus delivery requirements of the 1933 Act in order to resell your Restricted Notes.

Each broker-dealer that receives Exchange Notes for its own account in the exchange offer for Restricted Notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the prospectus delivery requirements of the 1933 Act in connection with any resale or other transfer of the Exchange Notes received in the exchange offer. See “Plan of Distribution.”

We have not asked the staff for a no-action letter in connection with the exchange offer, however, and we cannot assure you that the staff would make a similar determination with respect to the exchange offer.

If you are not eligible to participate in the exchange offer, you can elect to have your Restricted Notes registered for resale on a “shelf” registration statement pursuant to Rule 415 under the 1933 Act. In the event that we are obligated to file a shelf registration statement, we will be required to use commercially reasonable efforts to keep the shelf registration statement effective for so long as such Restricted Notes remain registrable securities under the applicable registration rights agreement. Other than as set forth in this paragraph, you will not have the right to require us to register your Restricted Notes under the 1933 Act. See “—Procedures for Tendering Restricted Notes.”

Consequences of Failure to Exchange

If you do not participate or validly tender your Restricted Notes in the exchange offer:

- you will retain your Restricted Notes that are not registered under the 1933 Act and they will continue to be subject to restrictions on transfer that are described in the legend on the Restricted Notes;

- you will not be able to require us to register your Restricted Notes under the 1933 Act unless, as set forth above, you do not receive freely tradable Exchange Notes in the exchange offer or are not eligible to participate in the exchange offer, and we are obligated to file a shelf registration statement;
- you will not be able to resell or otherwise transfer your Restricted Notes unless they are registered under the 1933 Act or unless you offer to resell or transfer them pursuant to an exemption under the 1933 Act; and
- the trading market for your Restricted Notes will become more limited to the extent that other holders of such Restricted Notes participate in the exchange offer.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept any and all Restricted Notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. We will issue \$1,000 principal amount of the Exchange Notes in exchange for each \$1,000 principal amount of the Restricted Notes accepted in the exchange offer. You may tender some or all of your Restricted Notes pursuant to the exchange offer; however, Restricted Notes may be tendered only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Exchange Notes issued to you in the exchange offer will be delivered by credit to the accounts at DTC of the applicable DTC participants.

The form and terms of the Exchange Notes are substantially identical to those of the Restricted Notes, except that the transfer restrictions and registration rights relating to the Restricted Notes will not apply to the Exchange Notes, and the Exchange Notes will not provide for the payment of additional interest in the event of a Registration Default. In addition, the Exchange Notes will bear a different CUSIP number than the Restricted Notes (except for Restricted Notes sold pursuant to the shelf registration statement described above). The Exchange Notes will be issued under and entitled to the benefits of the same indenture that authorized the issuance of the Restricted Notes.

As of the date of this prospectus, \$750,000,000 aggregate principal amount of the 2028 Restricted Notes and \$500,000,000 aggregate principal amount of the 2032 Restricted Notes are outstanding and registered in the name of Cede & Co., as nominee for DTC. This prospectus, together with the letter of transmittal, is being sent to the registered holder and to others believed to have beneficial interests in the Restricted Notes. We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC promulgated under the Exchange Act.

We will be deemed to have accepted validly tendered Restricted Notes if and when we have given written notice of our acceptance to U.S. Bank Trust Company, National Association, the exchange agent for the exchange offer. The exchange agent will act as our agent for the purpose of receiving from us the Exchange Notes for the tendering noteholders. If we do not accept any tendered Restricted Notes because of an invalid tender, the occurrence of certain other events set forth in this prospectus or otherwise, we will return such Restricted Notes by credit to the accounts at DTC of the applicable DTC participants, without expense, to the tendering noteholder as promptly as practicable after the expiration date of the exchange offer.

You will not be required to pay brokerage commissions or fees or transfer taxes, except as set forth under “—Transfer Taxes,” with respect to the exchange of your Restricted Notes in the exchange offer. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offer. See “—Fees and Expenses.”

Expiration Date; Extension; Amendment

The expiration date for the exchange offer will be 5:00 p.m., New York City time, on, March 26, 2025, unless we determine, in our sole discretion, to extend the exchange offer, in which case it will expire at the later

date and time to which it is extended. We do not currently intend to extend the exchange offer, however, although we reserve the right to do so. If we extend the exchange offer, we may delay acceptance of any Restricted Notes by giving written notice of the extension to the exchange agent and give each registered holder of Restricted Notes notice by means of a press release or other public announcement of any extension prior to 9:00 a.m., New York City time, on the next business day after the scheduled expiration date.

We also reserve the right, in our sole discretion:

- to accept tendered Restricted Notes upon the expiration of the exchange offer, and extend the exchange offer with respect to untendered Restricted Notes;
- subject to applicable law, to delay accepting any Restricted Notes, to extend the exchange offer or to terminate the exchange offer if, in our reasonable judgment, any of the conditions set forth under “—Conditions” have not been satisfied or waived, to terminate the exchange offer by giving written notice of such delay or termination to the exchange agent; or
- to amend or waive the terms and conditions of the exchange offer in any manner by complying with Rule 14e-l(d) under the Exchange Act, to the extent that rule applies.

We will notify you as promptly as we can of any extension, termination or amendment. In addition, we acknowledge and undertake to comply with the provisions of Rule 14e-l(c) under the Exchange Act, which requires us to issue the Exchange Notes, or return the Restricted Notes tendered for exchange, promptly after the termination or withdrawal of the exchange offer.

Procedures for Tendering Restricted Notes

The Restricted Notes are represented by global securities without interest coupons in fully registered form, registered in the name of Cede & Co., as nominee for DTC. Beneficial interests in the global securities are held by direct or indirect participants in DTC through certificateless depository interests and are shown on, and transfers of these interests are effected only through, records maintained in book-entry form by DTC with respect to its participants. You are not entitled to receive certificated Restricted Notes in exchange for your beneficial interest in these global securities except in limited circumstances described in “Description of the Exchange Notes—Book-Entry System.”

Accordingly, you must tender your Restricted Notes pursuant to DTC’s ATOP procedures. As the DTC’s ATOP system is the only method of processing exchange offers through DTC, you must instruct a participant in DTC to transmit to the exchange agent on or prior to the expiration date for the exchange offer a computer-generated message transmitted by means of the ATOP system and received by the exchange agent and forming a part of a confirmation of book-entry transfer, in which you acknowledge and agree to be bound by the terms of the letter of transmittal, instead of sending a signed, hard copy letter of transmittal. DTC is obligated to communicate those electronic instructions to the exchange agent. To tender Restricted Notes through the ATOP system, the electronic instructions sent to DTC and transmitted by DTC to the exchange agent must contain the character by which the participant acknowledges its receipt of, and agrees to be bound by, the letter of transmittal, including the representations to us described above under “—Purpose and Effect of the Exchange Offer,” and be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date.

If you hold Restricted Notes through a broker, dealer, commercial bank, trust company, other financial institution or other nominee, each referred to herein as an “intermediary,” and you wish to tender your Restricted Notes, you should contact such intermediary promptly and instruct such intermediary to tender on your behalf. So long as the Restricted Notes are in book-entry form represented by global securities, Restricted Notes may only be tendered by your intermediary pursuant to DTC’s ATOP procedures.

If you tender a Restricted Note and you do not properly withdraw the tender prior to the expiration date, you will have made an agreement with us to participate in the exchange offer in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

We will determine, in our sole discretion, all questions regarding the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered Restricted Notes. Our determination will be final and binding. We reserve the absolute right to reject any and all Restricted Notes not validly tendered or any Restricted Notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to certain Restricted Notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties.

You must cure any defects or irregularities in connection with tenders of your Restricted Notes within the time period that we determine unless we waive that defect or irregularity. Although we intend to notify you of defects or irregularities with respect to your tender of Restricted Notes, neither we, the trustee, the exchange agent nor any other person will incur any liability for failure to give this notification. Your tender will not be deemed to have been made and your Restricted Notes will be returned to you unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration of the exchange offer, if:

- you invalidly tender your Restricted Notes;
- you have not cured any defects or irregularities in your tender; and
- we have not waived those defects, irregularities or invalid tender.
- In addition, we reserve the right in our sole discretion to:
 - purchase or make offers for, or offer Exchange Notes for, any Restricted Notes that remain outstanding subsequent to the expiration of the exchange offer;
 - terminate the exchange offer; and
 - to the extent permitted by applicable law, purchase Restricted Notes in the open market, in privately negotiated transactions or otherwise.

The terms of any of these purchases of or offers for Restricted Notes could differ from the terms of the exchange offer.

In all cases, the issuance of Exchange Notes for Restricted Notes that are accepted for exchange in the exchange offer will be made only after timely receipt by the exchange agent of a timely book-entry confirmation of your Restricted Notes into the exchange agent's account at DTC, a computer-generated message instead of the Letter of Transmittal, and all other required documents. If any tendered Restricted Notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if Restricted Notes are submitted for a greater principal amount than you indicate your desire to exchange, the unaccepted or non-exchanged Restricted Notes, or Restricted Notes in substitution therefor, will be returned without expense to you by credit to the accounts at DTC of the applicable DTC participant, as promptly as practicable after rejection of tender or the expiration or termination of the exchange offer.

Book-Entry Transfer

The exchange agent will make a request to establish an account with respect to the Restricted Notes at DTC for purposes of the exchange offer after the date of this prospectus, and any financial institution that is a participant in DTC's systems may make book-entry delivery of Restricted Notes being tendered by causing DTC to transfer such Restricted Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer.

Any DTC participant wishing to tender Restricted Notes in the exchange offer (whether on its own behalf or on behalf of the beneficial owner of Restricted Notes) should transmit its acceptance to DTC sufficiently far in advance of the expiration of the exchange offer so as to permit DTC to take the following actions prior to 5:00 p.m., New York

City time, on the expiration date. DTC will verify such acceptance, execute a book-entry transfer of the tendered Restricted Notes into the exchange agent's account at DTC and then send to the exchange agent a confirmation of such book-entry transfer. The confirmation of such book-entry transfer will include a confirmation that such DTC participant acknowledges and agrees (on behalf of itself and on behalf of any beneficial owner of the applicable Restricted Notes) to be bound by the letter of transmittal. All of the foregoing, together with any other required documents, must be delivered to and received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date.

No Guaranteed Delivery Procedures

Guaranteed delivery procedures are not available in connection with the exchange offer.

Withdrawal Rights

You may withdraw tenders of your Restricted Notes at any time prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer.

For your withdrawal to be effective, the exchange agent must receive an electronic ATOP transmission of the notice of withdrawal at its address set forth below under "—Exchange Agent," prior to 5:00 p.m., New York City time, on the expiration date.

The notice of withdrawal must:

- specify the name and DTC account number of the DTC participant that tendered such Restricted Notes;
- specify the principal amount of Restricted Notes to be withdrawn;
- specify the name and account number of the DTC participant to which the withdrawn Restricted Notes should be credited; and
- contain a statement that the holder is withdrawing its election to have the Restricted Notes exchanged.

We will determine all questions regarding the validity, form and eligibility, including time of receipt, of withdrawal notices. Our determination will be final and binding on all parties. Any Restricted Notes that have been withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any Restricted Notes that have been tendered for exchange but that are withdrawn and not exchanged will be returned by credit to the account at DTC of the applicable DTC participant without cost as soon as practicable after withdrawal. Properly withdrawn Restricted Notes may be retendered by following one of the procedures described under "—Procedures for Tendering Restricted Notes" above at any time on or prior to 5:00 p.m., New York City time, on the expiration date.

No Appraisal or Dissenters' Rights

You do not have any appraisal or dissenters' rights in connection with the exchange offer.

Conditions

Notwithstanding any other provision of the exchange offer, and subject to our obligations under the related registration rights agreement, we will not be required to accept for exchange, or to issue Exchange Notes in exchange for, any Restricted Notes and may terminate or amend the exchange offer, if at any time before the acceptance of any Restricted Notes for exchange any one of the following events occurs:

- any injunction, order or decree has been issued by any court or any governmental agency that would prohibit, prevent or otherwise materially impair our ability to complete the exchange offer; or
- the exchange offer violates any applicable law or any applicable interpretation of the staff of the SEC.

Table of Contents

These conditions are for our sole benefit, and we may assert them regardless of the circumstances giving rise to them, subject to applicable law. We also may waive in whole or in part at any time and from time to time any particular condition in our sole discretion. If we waive a condition, we may be required, in order to comply with applicable securities laws, to extend the expiration date of the exchange offer. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of these rights, and these rights will be deemed ongoing rights which may be asserted at any time and from time to time.

In addition, we will not accept for exchange any Restricted Notes validly tendered, and no Exchange Notes will be issued in exchange for any tendered Restricted Notes, if, at the time the Restricted Notes are tendered, any stop order is threatened by the SEC or in effect with respect to the registration statement of which this prospectus is a part or the qualification of the Indenture under the Trust Indenture Act of 1939, as amended.

The exchange offer is not conditioned on any minimum principal amount of Restricted Notes being tendered for exchange.

Fees and Expenses

We will pay the estimated cash expenses to be incurred in connection with the exchange offer. These are estimated in the aggregate to be approximately \$200,000, which includes fees and expenses of the exchange agent and accounting, legal, printing and related fees and expenses.

Transfer Taxes

You will not be obligated to pay any transfer taxes in connection with a tender of your Restricted Notes unless Exchange Notes are to be registered in the name of, or Restricted Notes (or any portion thereof) not tendered or not accepted in the exchange offer are to be returned to, a person other than the registered tendering holder of the Restricted Notes, in which event the registered tendering holder will be responsible for the payment of any applicable transfer tax. In addition, tendering holders will be responsible for any transfer tax imposed for any reason other than the transfer of Restricted Notes to, or upon the order of, the Company pursuant to the exchange offer.

Accounting Treatment

We will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will amortize the expense of the exchange offer over the term of the Exchange Notes under generally accepted accounting principles in the United States of America ("GAAP").

DESCRIPTION OF THE EXCHANGE NOTES

We issued the 2028 Restricted Notes, and will issue the 2028 Exchange Notes, under the Base Indenture and the Third Supplemental Indenture. We issued the 2032 Restricted Notes, and will issue the 2032 Exchange Notes, under the Base Indenture and the Fourth Supplemental Indenture. The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture, a copy of which is filed as an exhibit to the registration statement of which this prospectus forms a part, because it, and not this description, defines your rights as holders of the Notes.

Capitalized terms used but not otherwise defined herein will have the meanings given to them in the Notes or the Indenture, as applicable.

The registered holder of a Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

General

The Restricted Notes are, and the Exchange Notes will be, our general senior unsecured obligations ranking equally in right of payment with all of our other senior unsecured indebtedness from time to time outstanding. The 2028 Notes and the 2032 Notes will mature on January 14, 2028 and April 14, 2032, respectively, unless previously redeemed or repurchased in full by us as provided below under “—Optional Redemption” or “—Offer to Repurchase Upon a Change of Control Repurchase Event.” The Exchange Notes and the Restricted Notes that remain outstanding after the exchange offer will be a single series under the Indenture.

The 2028 Restricted Notes bear, and the 2028 Exchange Notes will bear, cash interest at the rate of 5.450% per annum from January 14, 2025, to the stated maturity or date of earlier redemption. Interest on the 2028 Notes will be payable semi-annually in arrears on each of January 14 and July 14 commencing July 14, 2025 (if an interest payment date falls on a day that is not a business day, then the applicable interest payment will be made on the next succeeding business day and no additional interest will accrue as a result of such delayed payment), to the persons in whose names such notes were registered at the close of business on the immediately preceding January 14 and July 14 (whether or not a business day), respectively.

The 2032 Restricted Notes bear, and the 2032 Exchange Notes will bear, cash interest at the rate of 5.950% per annum from January 14, 2025, to the stated maturity or date of earlier redemption. Interest on the 2032 Notes will be payable semi-annually in arrears on each of April 14 and October 14, commencing April 14, 2025 (if an interest payment date falls on a day that is not a business day, then the applicable interest payment will be made on the next succeeding business day and no additional interest will accrue as a result of such delayed payment), to the persons in whose names such notes were registered at the close of business on the immediately preceding April 14 and October 14 (whether or not a business day), respectively.

Interest payments in respect of the Notes will equal the amount of interest accrued from and including the immediately preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the date of issue, if no interest has been paid or duly provided for with respect to the Notes), to, but excluding, the applicable interest payment date or stated maturity date or date of early redemption, as the case may be. Interest on the Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. The Trustee shall have no duty or responsibility to calculate or verify the interest rate.

If an interest payment date or the stated maturity date or date of early redemption of the Notes falls on a Saturday, Sunday or other day on which banking institutions in The City of New York are authorized or obligated by law or executive order to close, the required payment due on such date will instead be made on the next business day. No further interest will accrue as a result of such delayed payment.

We issued the 2028 Restricted Notes in an aggregate principal amount of \$750,000,000 and the 2032 Restricted Notes in an aggregate principal amount of \$500,000,000 on January 14, 2025, in transactions not requiring registration under the 1933 Act.

The Indenture does not limit the aggregate principal amount of the debt securities which we may issue thereunder and provides that we may issue debt securities thereunder from time to time in one or more series. We may, without the consent of the holders of the Notes, issue additional Notes (in any such case, other than any Exchange Notes, “Additional Notes”) under the Indenture with the same ranking and the same interest rate, maturity and other terms as the Notes of a series; provided that, if such Additional Notes are not fungible with the Notes of the applicable series (or any other tranche of Additional Notes) for U.S. federal income tax purposes, then such Additional Notes will have different CUSIP numbers from the Notes of such series (and any such other tranche of Additional Notes). Any Additional Notes and the existing Notes of a series will constitute a single series under the Indenture and all references to the relevant Notes herein will include the Additional Notes unless the context otherwise requires.

We do not intend to list the Notes on any securities exchange or any automated dealer quotation system.

The Notes will be issued only in fully registered form without coupons in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes may be presented for transfer (duly endorsed or accompanied by a written instrument of transfer, if so required by us or the security registrar) or exchanged for other notes (containing identical terms and provisions, in any authorized denominations, and of a like aggregate principal amount) at the office or agency maintained by us for such purposes (initially the corporate trust office of the Trustee). Such transfer or exchange will be made without service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses then payable. Prior to the due presentment of a Note for registration of transfer, we, the Trustee and any other agent of ours or the Trustee may treat the registered holder of each Note as the owner of such Note for the purpose of receiving payments of principal of and interest on such Note and for all other purposes whatsoever.

The Indenture does not contain any provisions that would limit our ability to incur unsecured indebtedness or that would afford holders of the Notes protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving us. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise affect our capital structure or the credit rating of the Notes.

The Notes will not be subject to any sinking fund (*i.e.*, no amounts will be set aside by us to ensure repayment of the Notes at maturity). As a result, our ability to repay the Notes at maturity will depend on our financial condition on the date that we are required to repay the Notes.

Optional Redemption

Prior to the Par Call Date, we may redeem some or all of the Notes at our option, in whole or in part, at any time and from time to time, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of (1)(a) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the redemption date (assuming the Notes matured on the relevant Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 25 basis points, less (b) interest accrued to the date of such optional redemption, and (2) 100% of the principal amount of the Notes to be redeemed, plus, in each case, accrued and unpaid interest, if any, to, but excluding, the date of such optional redemption.

On or after the Par Call Date, or at any time before the maturity date of the applicable Notes, as applicable, we may redeem some or all of the 2028 Notes or 2032 Notes at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus, in each case, accrued and unpaid interest thereon to the redemption date.

If we choose to redeem any Notes, we will deliver a notice of redemption to holders of such series of Notes to be redeemed not less than 10 nor more than 60 days before the redemption date. If we are redeeming less than all of the Notes, the particular Notes to be redeemed will be selected in accordance with the applicable procedures of the trustee and, so long as the Notes are registered to DTC or its nominee, the DTC; *provided, however*, that no such partial redemption will reduce the portion of the principal amount of a Note not redeemed to less than \$2,000. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions of the Notes called for redemption.

“Treasury Rate” means, with respect to any redemption date of the Notes, the yield determined by us in accordance with the following two paragraphs.

The Treasury Rate shall be determined by us after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the redemption date based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, we shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the maturity date of the Notes (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields—one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life—and shall interpolate to the applicable Par Call Date of the Notes on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the redemption date H.15 TCM is no longer published, we shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such redemption date of the United States Treasury security maturing on, or with a maturity that is closest to, the applicable Par Call Date of the Notes, as applicable. If there is no United States Treasury security maturing on the applicable Par Call Date of the Notes but there are two or more United States Treasury securities with a maturity date equally distant from the applicable Par Call Date of the Notes, one with a maturity date preceding the applicable Par Call Date of the Notes and one with a maturity date following the applicable Par Call Date of the Notes, we shall select the United States Treasury security with a maturity date preceding the applicable Par Call Date of the Notes. If there are two or more United States Treasury securities maturing on the applicable Par Call Date of the Notes or two or more United States Treasury securities meeting the criteria of the preceding sentence, we shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

Our actions and determinations in determining the redemption price of any of the Notes shall be conclusive and binding for all purposes, absent manifest error. The Trustee shall have no duty or responsibility to calculate or verify the redemption price.

Offer to Repurchase Upon a Change of Control Repurchase Event

If a Change of Control Repurchase Event occurs, unless we have exercised our right to redeem the Notes in full, we will make an offer to each holder of the Notes to repurchase all or any part (in minimum denominations of \$2,000 and integral multiples of \$1,000 principal amount in excess thereof) of that holder's Notes at a repurchase price in cash equal to 100% of the aggregate principal amount of Notes repurchased plus any accrued and unpaid interest on the Notes repurchased to, but not including, the date of purchase. Within 30 days following any Change of Control Repurchase Event or, at our option, prior to any Change of Control, but after the public announcement of the Change of Control, we will mail a notice to each holder describing the transaction or transactions that constitute or may constitute the Change of Control Repurchase Event and offering to repurchase Notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed. The notice will, if mailed prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice. We will comply with the requirements of Rule 14e-1 promulgated under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions of the Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Repurchase Event provisions of the Notes by virtue of such conflict.

On the Change of Control Repurchase Event payment date, subject to extension if necessary to comply with the provisions of the 1940 Act and the rules and regulations promulgated thereunder, we will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered pursuant to our offer;
- (2) deposit with the paying agent an amount equal to the aggregate purchase price in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the Trustee the Notes properly accepted, together with an officers' certificate stating the aggregate principal amount of Notes being purchased by us.

The paying agent will promptly remit to each holder of Notes properly tendered the purchase price for the Notes, and upon receipt of the written instruction, the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder an Exchange Note equal in principal amount to any unpurchased portion of any Notes surrendered; *provided* that each Exchange Note will be in a minimum principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

We will not be required to make an offer to repurchase the Notes upon a Change of Control Repurchase Event if a third party makes an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Notes properly tendered and not withdrawn under its offer.

The source of funds that will be required to repurchase Notes in the event of a Change of Control Repurchase Event will be our available cash or cash generated from our operations or other potential sources, including funds provided by a purchaser in the Change of Control transaction, borrowings, sales of assets or sales of equity. We cannot assure you that sufficient funds from such sources will be available at the time of any Change of Control Repurchase Event to make required repurchases of Notes tendered. The terms of certain of our and our subsidiaries' financing arrangements provide that certain change of control events will constitute an event of default thereunder entitling the lenders to accelerate any indebtedness outstanding under our and our subsidiaries' financing arrangements at that time and to terminate the financing arrangements. See "Management's Discussion and Analysis of Financial Condition and Results of Operations—Financial

Table of Contents

Condition, Liquidity and Capital Resources” in the Company’s [Annual Report on Form 10-K for the fiscal year ended December 31, 2023](#), and in the Company’s Quarterly [Report on Form 10-Q for the period ended September 30, 2024](#), which are incorporated by reference herein, for a general discussion of our and our subsidiaries’ indebtedness.

Our and our subsidiaries’ future financing arrangements may contain similar restrictions and provisions. If the holders of the Notes exercise their right to require us to repurchase Notes upon a Change of Control Repurchase Event, the financial effect of this repurchase could cause a default under our and our subsidiaries’ future financing arrangements, even if the Change of Control Repurchase Event itself would not cause a default. It is possible that we will not have sufficient funds at the time of the Change of Control Repurchase Event to make the required repurchase of the Notes and/or our and our subsidiaries’ other debt. See “Risk Factors—Risks Related to the Exchange Notes—We may not be able to repurchase the Notes upon a Change of Control Repurchase Event” in this prospectus for more information.

The definition of “*Change of Control*” includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition of “all or substantially all” of our properties or assets and those of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise, established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require us to repurchase the Notes as a result of a sale, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries taken as a whole to another person or group may be uncertain.

For the avoidance of doubt, the HPS/BlackRock Transaction as currently contemplated will not result in a Change of Control or Change of Control Repurchase Event under the Indenture.

For purposes of the Exchange Notes:

“*Below Investment Grade Rating Event*” means the Notes are downgraded below Investment Grade by both of the Rating Agencies on any date from the date of the public notice of an arrangement that results in a Change of Control until the end of the 60-day period following public notice of the occurrence of a Change of Control (which period will be extended so long as the rating of the Notes is under publicly announced consideration for possible downgrade by either of the Rating Agencies); *provided* that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Repurchase Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control will have occurred at the time of the Below Investment Grade Rating Event).

“*Change of Control*” means the occurrence of any of the following:

(1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation) in one or a series of related transactions, of all or substantially all of the assets of HPS Corporate Lending Fund and its Controlled Subsidiaries taken as a whole to any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act), other than to any Permitted Holders; *provided* that, for the avoidance of doubt, a pledge of assets pursuant to any secured debt instrument of the Company or its Controlled Subsidiaries will not be deemed to be any such sale, lease, transfer, conveyance or disposition;

(2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any “person” or “group” (as those terms are used in Section 13(d)(3) of the Exchange Act) (other than any Permitted Holders) becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 promulgated under the

Table of Contents

Exchange Act), directly or indirectly, of more than 50% of the outstanding Voting Stock of the Company, measured by voting power rather than number of shares; or

(3) the approval by the Company's stockholders of any plan or proposal relating to the liquidation or dissolution of the Company.

"*Change of Control Repurchase Event*" means the occurrence of a Change of Control and a Below Investment Grade Rating Event.

"*Controlled Subsidiary*" means any subsidiary of the Company, 50% or more of the outstanding equity interests of which are owned by the Company and its direct or indirect subsidiaries and of which the Company possesses, directly or indirectly, the power to direct or cause the direction of the management or policies, whether through the ownership of voting equity interests, by agreement or otherwise.

"*Investment Grade*" means a rating of BBB- or better by Moody's (or its equivalent under any successor rating categories of Moody's) and BBB- or better by S&P (or its equivalent under any successor rating categories of S&P)(or, in each case, if such Rating Agency ceases to make a rating of the applicable Notes publicly available for reasons outside of the Company's control, the equivalent investment grader credit rating from any Rating Agency selected by the Company as a replacement Rating Agency).

"*Moody's*" means Moody's Investors Service or any successor thereto.

"*Permitted Holders*" means (i) us, (ii) one or more of our Controlled Subsidiaries and (iii) the Adviser, any affiliate of the Adviser or any entity that is managed by the Adviser that is organized under the laws of a jurisdiction located in the United States and in the business of managing or advising clients.

"*Rating Agency*" means:

(1) one or both of Moody's and S&P; and

(2) if both Moody's and S&P cease to rate the Notes or fail to make a rating of the Notes publicly available for reasons outside of our control, a "nationally recognized statistical rating organization" as defined in Section 3(a)(62) of the Exchange Act selected by us as a replacement agency for either of Moody's or S&P, as the case may be.

"*S&P*" means S&P's Global Ratings Services, or any successor thereto.

"*Voting Stock*" as applied to stock of any person, means shares, interests, participations or other equivalents in the equity interest (however designated) in such person having ordinary voting power for the election of a majority of the directors (or the equivalent) of such person, other than shares, interests, participations or other equivalents having such power only by reason of the occurrence of a contingency.

Covenants

In addition to the covenants described in the Base Indenture, the following covenants will apply to the Notes. To the extent of any conflict or inconsistency between the Base Indenture and the following covenants, the following covenants will govern:

Merger, Consolidation or Sale of Assets

The Indenture will provide that we will not merge or consolidate with or into any other person (other than a merger of a wholly owned subsidiary into us), or sell, transfer, lease, convey or otherwise dispose of all or

substantially all our property (*provided* that, for the avoidance of doubt, a pledge of assets pursuant to any secured debt instrument of HPS Corporate Lending Fund or its Controlled Subsidiaries will not be deemed to be any such sale, transfer, lease, conveyance or disposition) in any one transaction or series of related transactions unless:

- we are the surviving person, or the Surviving Person, or the Surviving Person (if other than us) formed by such merger or consolidation or to which such sale, transfer, lease, conveyance or disposition is made will be a statutory trust, corporation or limited liability company organized and existing under the laws of the United States or any state or territory thereof;
- the Surviving Person (if other than us) expressly assumes, by supplemental indenture in form reasonably satisfactory to the Trustee, executed and delivered to the Trustee by such Surviving Person, the due and punctual payment of the principal of, and premium, if any, and interest on, all the Notes outstanding, and the due and punctual performance and observance of all the covenants and conditions of the Indenture and the applicable registration rights agreement to be performed by us;
- immediately before and immediately after giving effect to such transaction or series of related transactions, no default or event of default will have occurred and be continuing; and
- we will deliver, or cause to be delivered, to the Trustee, an officers' certificate and an opinion of counsel, each stating that such transaction and the supplemental indenture, if any, in respect thereto, comply with this covenant and that all conditions precedent in the Indenture relating to such transaction have been complied with.

For the purposes of this covenant, the sale, transfer, lease, conveyance or other disposition of all the property of one or more of our subsidiaries, which property, if held by us instead of such subsidiaries, would constitute all or substantially all of our property on a consolidated basis, will be deemed to be the transfer of all or substantially all of our property. For the avoidance of doubt, the HPS/BlackRock Transaction as currently contemplated is not a merger, consolidation or sale of the Company's assets under the covenants of the Indenture.

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the properties or assets of a person. As a result, it may be unclear as to whether the merger, consolidation or sale of assets covenant would apply to a particular transaction as described above absent a decision by a court of competent jurisdiction. Although these types of transactions may be permitted under the Indenture, certain of the foregoing transactions could constitute a Change of Control that results in a Change of Control Repurchase Event permitting each holder to require us to repurchase the Notes of such holder as described above.

An assumption by any person of obligations under the Notes and the Indenture might be deemed for U.S. federal income tax purposes to be an exchange of the Notes for new Notes by the holders thereof, resulting in recognition of gain or loss for such purposes and possibly other adverse tax consequences to the holders. Holders should consult their own tax advisors regarding the tax consequences of such an assumption.

Other Covenants

- We agree that for the period of time during which the Notes are outstanding, we will not violate, whether or not we are subject to, Section 18(a)(1)(A) of the 1940 Act as modified by Section 61(a)(1) and (2) of the 1940 Act or any successor provisions, as such obligations may be amended or superseded, giving effect to any exemptive relief granted to us by the SEC.
- If, at any time, we are not subject to the reporting requirements of Sections 13 or 15(d) of the Exchange Act to file any periodic reports with the SEC, we agree to furnish to holders of the Notes and the Trustee, for the period of time during which the Notes are outstanding, our audited annual consolidated

financial statements, within 90 days of our fiscal year end, and unaudited interim consolidated financial statements, within 45 days of our fiscal quarter end (other than our fourth fiscal quarter). All such financial statements will be prepared, in all material respects, in accordance with GAAP, as applicable.

Events of Default

Each of the following will be an event of default:

- (1) default in the payment of any interest upon any Note when due and payable and the default continues for a period of 30 days;
- (2) default in the payment of the principal of (or premium, if any, on) any Note when it becomes due and payable at its maturity including upon any redemption date or required repurchase date;
- (3) default by us in the performance, or breach, of any covenant or agreement in the Indenture or the Notes (other than a covenant or agreement a default in whose performance or whose breach is elsewhere in the Indenture specifically dealt with or which has expressly been included in the Indenture solely for the benefit of a series of securities other than the Notes), and continuance of such default or breach for a period of 60 consecutive days after there has been given, by registered or certified mail, to us by the Trustee or to us and the Trustee by the holders of at least 25% in principal amount of the Notes a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a “Notice of Default” under the Indenture;
- (4) default by us or any of our significant subsidiaries, as defined in Article 1, Rule 1-02 of Regulation S-X promulgated under the Exchange Act (but excluding any subsidiary which is (a) a non-recourse or limited recourse subsidiary, (b) a bankruptcy remote special purpose vehicle or (c) is not consolidated with HPS Corporate Lending Fund for purposes of GAAP), with respect to any mortgage, agreement or other instrument under which there may be outstanding, or by which there may be secured or evidenced, any indebtedness for money borrowed in excess of \$100 million in the aggregate of us and/or any such significant subsidiary, whether such indebtedness now exists or will hereafter be created (i) resulting in such indebtedness becoming or being declared due and payable or (ii) constituting a failure to pay the principal or interest of any such debt when due and payable at its stated maturity, upon required repurchase, upon declaration of acceleration or otherwise, unless, in either case, such indebtedness is discharged, or such acceleration is rescinded, stayed or annulled, within a period of 30 calendar days after written notice of such failure is given to us by the Trustee or to us and the Trustee by the holders of at least 25% in aggregate principal amount of the Notes then outstanding;
- (5) pursuant to Section 18(a)(1)(C)(ii) and Section 61 of the 1940 Act, on the last business day of each of 24 consecutive calendar months, any class of securities must have an asset coverage (as such term is used in the 1940 Act and the rules and regulations promulgated thereunder) of less than 100% giving effect to any exemptive relief granted to us by the SEC; or
- (6) certain events of bankruptcy, insolvency, or reorganization involving us occur and remain undischarged or unstayed for a period of 60 days.

If an event of default occurs and is continuing, then and in every such case (other than an event of default specified in item (6) above) the Trustee or the holders of at least 25% in principal amount of the Notes may declare the entire principal amount of the outstanding Notes to be due and payable immediately, by a notice in writing to us (and to the Trustee if given by the holders), and upon any such declaration such principal or specified portion thereof will become immediately due and payable. Notwithstanding the foregoing, in the case of the events of bankruptcy, insolvency or reorganization described in item (6) above, 100% of the principal of and accrued and unpaid interest on the Notes will automatically become due and payable.

At any time after a declaration of acceleration with respect to the Notes has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in

principal amount of the outstanding Notes, by written notice to us and the Trustee, may rescind and annul such declaration and its consequences if (i) we have paid or deposited with the Trustee a sum sufficient to pay all overdue installments of interest, if any, on all outstanding Notes, the principal of (and premium, if any, on) all outstanding Notes that have become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates borne by or provided for in such Notes, to the extent that payment of such interest is lawful interest upon overdue installments of interest at the rate or rates borne by or provided for in such Notes, and all sums paid or advanced by the Trustee and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, and (ii) all events of default with respect to the Notes, other than the nonpayment of the principal of (or premium, if any, on) or interest on such Notes that have become due solely by such declaration of acceleration, have been cured or waived. No such rescission will affect any subsequent default or impair any right consequent thereon.

No holder of Notes will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or trustee, or for any other remedy under the Indenture, unless:

- (i) such holder has previously given written notice to the Trustee of a continuing event of default with respect to the Notes;
- (ii) the holders of not less than 25% in principal amount of the outstanding Notes have made written request to the Trustee to institute proceedings in respect of such event of default;
- (iii) such holder or holders have offered to the Trustee indemnity, security, or both, satisfactory to the Trustee, against the costs, expenses and liabilities to be incurred in compliance with such request;
- (iv) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity and/or security has failed to institute any such proceeding; and
- (v) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the holders of a majority in principal amount of the outstanding Notes.

Notwithstanding any other provision in the Indenture, the holder of any Note will have the right, which is absolute and unconditional, to receive payment of the principal of (and premium, if any, on) and interest, if any, on such Note on the stated maturity or maturity expressed in such Note (or, in the case of redemption, on the redemption date or, in the case of repayment at the option of the holders, on the repayment date) and to institute suit for the enforcement of any such payment, and such rights will not be impaired without the consent of such holder.

The Trustee will be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the holders of the Notes unless such holders have offered to the Trustee security and/or indemnity satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction. Subject to the foregoing, the holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Notes, *provided* that (i) such direction may not be in conflict with any rule of law or with the Indenture, (ii) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction and (iii) the Trustee need not take any action that it determines in good faith may involve it in personal liability or be unjustly prejudicial to the holders of Notes not consenting (it being understood that the Trustee does not have an affirmative duty to ascertain whether or not any such directions are unduly prejudicial to such holders).

The holders of not less than a majority in principal amount of the outstanding Notes may on behalf of the holders of all of the Notes waive any past default under the Indenture with respect to the Notes and its

consequences, except a default (i) in the payment of (or premium, if any, on) or interest, if any, on any Note, or (ii) in respect of a covenant or provision of the Indenture which cannot be modified or amended without the consent of the holder of each outstanding Note affected. Upon any such waiver, such default will cease to exist, and any event of default arising therefrom will be deemed to have been cured, for every purpose, but no such waiver may extend to any subsequent or other default or event of default or impair any right consequent thereto.

We are required to deliver to the Trustee, within 120 days after the end of each fiscal year (which fiscal year ends December 31), an officers' certificate as to the knowledge of the signers whether we are in default in the performance of any of the terms, provisions or conditions of the Indenture.

Within 90 days after the occurrence of any default under the Indenture with respect to the Notes, the Trustee must transmit notice of such default known to the Trustee, unless such default has been cured or waived; *provided, however*, that, except in the case of a default in the payment of the principal of (or premium, if any, on) or interest, if any, on any Note, the Trustee will be protected in withholding such notice if and so long as the board of directors, the executive committee or a trust committee of directors of the Trustee in good faith determines that withholding of such notice is in the interest of the holders of the Notes.

Satisfaction and Discharge; Defeasance

We may satisfy and discharge our obligations under the Indenture by delivering to the security registrar for cancellation all outstanding Notes or by depositing with the Trustee or delivering to the holders, as applicable, after the Notes have become due and payable, or otherwise, moneys sufficient to pay all of the outstanding Notes and paying all other sums payable under the Indenture by us. Such discharge is subject to terms contained in the Indenture.

In addition, the Notes are subject to defeasance and covenant defeasance, in each case, in accordance with the terms of the Indenture.

Trustee

U.S. Bank Trust Company, National Association is the Trustee, security registrar and paying agent. U.S. Bank Trust Company, National Association, in each of its capacities, including without limitation as the Trustee, security registrar and paying agent, assumes no responsibility for the accuracy or completeness of the information concerning us or our affiliates or any other party contained in this document or the related documents or for any failure by us or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information, or for any information provided to it by us, including but not limited to settlement amounts and any other information.

We may maintain banking relationships in the ordinary course of business with the Trustee and its affiliates.

Governing Law

The Indenture provides that it and the Notes will be governed by and construed in accordance with the laws of the State of New York, without regard to principles of conflicts of laws that would cause the application of laws of another jurisdiction.

Book-Entry, Settlement and Clearance

Global Notes

Except as set forth below, Notes will be issued in registered, global form, without interest coupons (the "Global Notes"). The Global Notes will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Exchange Notes will be issued at the closing of this offering only against payment in immediately available funds.

The Global Notes will be deposited upon issuance with the Trustee as custodian for DTC and registered in the name of DTC's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole but not in part, only to DTC, to a nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in registered, certificated form (the "Certificated Notes") except in the limited circumstances described below. See "—Certificated Notes." Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Book-Entry Procedures for Global Notes

All interests in the Global Notes will be subject to the operations and procedures of DTC. We provide the following summary of those operations and procedures solely for the convenience of investors. The operations and procedures of DTC are controlled by that settlement system and may be changed at any time. Neither we nor the initial purchasers are responsible for those operations or procedures.

DTC has advised us that it is:

- a limited purpose trust company organized under the laws of the State of New York;
- a "banking organization" within the meaning of the New York State Banking Law;
- a member of the Federal Reserve System;
- a "clearing corporation" within the meaning of the Uniform Commercial Code; and
- a "clearing agency" registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants include securities brokers and dealers, including the initial purchasers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

Euroclear and Clearstream hold securities for participating organizations. They also facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in the accounts of such participants. Euroclear and Clearstream provide various services to their participants, including the safekeeping, administration, clearance, settlement, lending and borrowing of internationally traded securities. Euroclear and Clearstream interface with domestic securities markets. Euroclear and Clearstream participants are financial institutions such as underwriters, securities brokers and dealers, banks, trust companies and certain other organizations. Indirect access to Euroclear and Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Euroclear and Clearstream participant, either directly or indirectly.

So long as the Notes are held in global form, Euroclear, Clearstream and/or DTC, as applicable, (or their respective nominees) will be considered the sole holders of Global Notes for all purposes under the Indenture. As

such, participants must rely on the procedures of Euroclear, Clearstream and/or DTC and indirect participants must rely on the procedures of Euroclear, Clearstream and/or DTC and the participants through which they own interests in the Notes, or Book-Entry Interests, in order to exercise any rights of holders under the Indenture.

So long as DTC, Euroclear or Clearstream's nominee is the registered owner of a Global Note, that nominee will be considered the sole owner or holder of the Notes represented by that Global Note for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a Global Note:

- will not be entitled to have Notes represented by the Global Note registered in their names;
- will not receive or be entitled to receive physical, certificated Notes; and
- will not be considered the owners or holders of the Notes under the Indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee under the Indenture.

As a result, each investor who owns a beneficial interest in a Global Note must rely on the procedures of DTC, Euroclear or Clearstream to exercise any rights of a holder of Notes under the Indenture (and, if the investor is not a participant or an indirect participant in DTC, Euroclear or Clearstream, on the procedures of the DTC, Euroclear or Clearstream participant through which the investor owns its interest).

Payments of principal and interest with respect to the Notes represented by a Global Note will be made by the Trustee to DTC, Euroclear or Clearstream's nominee as the registered holder of the Global Note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a Global Note, for any aspect of the records relating to or payments made on account of those interests by DTC, Euroclear or Clearstream, or for maintaining, supervising or reviewing any records of DTC, Euroclear or Clearstream relating to those interests.

Payments by participants and indirect participants in DTC, Euroclear or Clearstream to the owners of beneficial interests in a Global Note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC, Euroclear or Clearstream.

Transfers between participants in DTC, Euroclear or Clearstream will be effected under DTC, Euroclear or Clearstream's procedures and will be settled in same-day funds.

Cross-market transfers of beneficial interests in Global Notes between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream. To deliver or receive an interest in a Global Note held in a Euroclear or Clearstream account, an investor must send transfer instructions to Euroclear or Clearstream, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, as the case may be, will send instructions to its DTC depositary to take action to effect final settlement by delivering or receiving interests in the relevant Global Notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the DTC depositaries that are acting for Euroclear or Clearstream.

Because the settlement of cross-market transfers takes place during New York business hours, DTC participants may employ their usual procedures for sending securities to the applicable DTC participants acting as depositaries for Euroclear and Clearstream. The sale proceeds will be available to the DTC participant seller on the settlement date. Thus, to a DTC participant, a cross-market transaction will settle no differently from a trade between two DTC participants. Because of time zone differences, the securities account of a Euroclear or Clearstream participant that purchases an interest in a Global Note from a DTC participant will be credited on the business day for Euroclear or Clearstream immediately following the DTC settlement date. Cash received in

Euroclear or Clearstream from the sale of an interest in a Global Note to a DTC participant will be reflected in the account of the Euroclear or Clearstream participant the following business day, and receipt of the cash proceeds in the Euroclear or Clearstream participant's account will be back-valued to the date on which settlement occurs in New York. DTC, Euroclear and Clearstream have agreed to the above procedures to facilitate transfers of interests in the Global Notes among participants in those settlement systems. However, the settlement systems are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have any responsibility or liability for the performance by DTC, Euroclear or Clearstream or their participants or indirect participants of their obligations under the rules and procedures governing their operations, including maintaining, supervising or reviewing the records relating to, or payments made on account of, beneficial ownership interests in Global Notes.

Certificated Notes

Notes in physical, certificated form will be issued and delivered to each person that DTC, Euroclear or Clearstream identifies as a beneficial owner of the related Notes only if:

- DTC, Euroclear or Clearstream notifies us at any time that it is unwilling or unable to continue as depositary for the Global Notes and a successor depositary is not appointed within 90 days;
- DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depositary is not appointed within 90 days; or
- an event of default with respect to the Notes has occurred and is continuing and such beneficial owner requests that its Notes be issued in physical, certificated form.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The exchange of Restricted Notes for Exchange Notes in the exchange offer will not constitute a taxable event to holders for U.S. federal income tax purposes. In any event, persons considering the exchange of Restricted Notes for Exchange Notes should consult their own tax advisors concerning the U.S. federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

Each broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer in exchange for Restricted Notes where such Restricted Notes were acquired as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale or other transfer of such Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by such a broker-dealer in connection with resales or other transfers of such Exchange Notes. - (1) Unless otherwise indicated, issuers of debt and equity investments held by the Company (which such term “Company” shall include the Company’s consolidated subsidiaries for purposes of this Consolidated Schedule of Investments) are denominated in dollars. All debt investments are income producing unless otherwise indicated. All equity investments are non-income producing unless otherwise noted. Certain portfolio company investments are subject to contractual restrictions on sales. The total par amount (in thousands) is presented for debt investments and the number of shares or units (in whole amounts) owned is presented for equity investments. Each of the Company’s investments is pledged as collateral under its credit facilities and debt securitization issuances unless otherwise indicated.
- (2) The majority of the investments bear interest at a rate that may be determined by reference to the London Interbank Offered Rate (“LIBOR” or “L”), Prime Rate (“Prime” or “P”), Sterling Overnight Index Average (“SONIA” or “SN”), Euro Interbank Offer Rate (“Euribor” or “E”), Secured Overnight Financing Rate (“SOFR” or “SF”), Canadian Dollar Offered Rate (“CDOR” or “C”), Singapore Overnight Rate Average (“SORA”), Stockholm Interbank Offered Rate (“STIBOR” or “ST”), Norwegian Interbank Offered Rate (“NIBOR” or “N”), Bloomberg Short Term Bank Yield Index (“BS”), or Bank Bill Swap Rate (“BBSW” or “B”) which reset daily, monthly, quarterly, semiannually or annually. For each such investment, the Company has provided the spread over LIBOR, Prime, SONIA, E, SOFR, CDOR, SORA, STIBOR, NIBOR, BS or BBSW and the current contractual interest rate in effect at September 30, 2024. Certain investments are subject to a LIBOR, Prime, or SOFR interest rate floor, or rate cap. Certain investments contain a Payment-in-Kind (“PIK”) provision. SOFR based contracts may include a credit spread adjustment, which is included within the stated all-in interest rate, if applicable, that is charged in addition to the base rate and the stated spread.
- (3) The cost represents the original cost adjusted for the amortization of discounts and premiums, as applicable, on debt investments using the effective interest method in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- (4) These investments were valued using unobservable inputs and are considered Level 3 investments. Fair value was determined in good faith by the Adviser as the Company’s valuation designee, subject to the oversight of the Board of Trustees (the “Board”) pursuant to the Company’s valuation policy.
- (5) The investment is not a qualifying asset, in whole or in part, under Section 55(a) of the 1940 Act. The Company may not acquire any non-qualifying asset unless, at the time of acquisition, qualifying assets represent at least 70% of the Company’s total assets. As of September 30, 2024, non-qualifying assets represented 20.5% of total assets as calculated in accordance with regulatory requirements.
- (6) Position or portion thereof is an unfunded loan commitment, and no interest is being earned on the unfunded portion, although the investment may be subject to unused commitment fees. Negative cost and fair value results from unamortized fees, which are capitalized to the investment cost. The unfunded loan commitment may be subject to a commitment termination date that may expire prior to the maturity date stated. See footnote 6 to the Company’s Consolidated Schedule of Investments in its Quarterly Report on Form 10-Q for the period ended September 30, 2024 for more information on the Company’s unfunded commitments:

DESCRIPTION OF OUR SHARES

The following description is based on relevant portions of Delaware law and on our Seventh Amended and Restated Declaration of Trust (the “Declaration of Trust”) and our Amended and Restated Bylaws (the “Bylaws”). This summary is not necessarily complete, and we refer investors to Delaware law, our Declaration of Trust and our Bylaws for a more detailed description of the provisions summarized below.

General

The terms of the Declaration of Trust authorize an unlimited number of Common Shares of any class, par value \$0.01 per share, of which 341,366,636 shares were outstanding as of December 31, 2024, and an unlimited number of shares of preferred shares, par value \$0.01 per share. The Declaration of Trust provides that the Board may classify or reclassify any unissued Common Shares into one or more classes or series of Common Shares or preferred shares by setting or changing the preferences, conversion or other rights, voting powers, restrictions, or limitations as to dividends, qualifications, or terms or conditions of redemption of the shares. There is currently no market for our Common Shares, and we can offer no assurances that a market for our shares will develop in the future. We do not intend for our shares to be listed on any national securities exchange. There are no outstanding options or warrants to purchase our shares. No shares have been authorized for issuance under any equity compensation plans. Under the terms of our Declaration of Trust, shareholders shall be entitled to the same limited liability extended to shareholders of private Delaware for profit corporations formed under the Delaware General Corporation Law, 8 Del. C. § 100, et. seq. Our Declaration of Trust provides that no shareholder shall be liable for any debt, claim, demand, judgment or obligation of any kind of, against or with respect to us by reason of being a shareholder, nor shall any shareholder be subject to any personal liability whatsoever, in tort, contract or otherwise, to any person in connection with the Company’s assets or the affairs of the Company by reason of being a shareholder.

None of our shares are subject to further calls or to assessments, sinking fund provisions, obligations of the Company or potential liabilities associated with ownership of the security (not including investment risks). In addition, except as may be provided by the Board in setting the terms of any class or series of Common Shares or as provided in connection with a roll-up transaction pursuant to the Declaration of Trust, no shareholder shall be entitled to exercise appraisal rights in connection with any transaction.

Common Shares

Under the terms of our Declaration of Trust, all Common Shares have equal rights as to voting and, when they are issued, will be duly authorized, validly issued, fully paid and nonassessable. Dividends and distributions may be paid to the holders of our Common Shares if, as and when authorized by our Board and declared by us out of funds legally available therefore. Except as may be provided by our Board in setting the terms of classified or reclassified shares or as may otherwise be provided by contract approved by the Board, our Common Shares have no preemptive, exchange, conversion, appraisal or redemption rights and are freely transferable, except where their transfer is restricted by federal and state securities laws or by contract and except that, in order to

avoid the possibility that our assets could be treated as “plan assets,” we may require any person proposing to acquire Common Shares to furnish such information as may be necessary to determine whether such person is a benefit plan investor or a controlling person, restrict or prohibit transfers of such shares or redeem any outstanding shares for such price and on such other terms and conditions as may be determined by or at the direction of the Board. In the event of our liquidation, dissolution or winding up, each share of our Common Shares would be entitled to share pro rata in all of our assets that are legally available for distribution after we pay all debts and other liabilities and subject to any preferential rights of holders of our preferred shares, if any preferred shares are outstanding at such time. Subject to the rights of holders of any other class or series of shares, each share of our Common Shares is entitled to one vote on all matters submitted to a vote of shareholders, including the election of Trustees. Except as may be provided by the Board in setting the terms of classified or reclassified shares, and subject to the express terms of any class or series of preferred shares, the holders of our Common Shares possess exclusive voting power. There will be no cumulative voting in the election of Trustees. Subject to the special rights of the holders of any class or series of preferred shares to elect Trustees, each Trustee will be elected by a plurality of the votes cast with respect to such Trustee’s election except in the case of a “contested election” (as defined in our Bylaws), in which case Trustees will be elected by a majority of the votes cast in the contested election of Trustees; provided that, if the Company is unable to achieve the quorum specified in the Bylaws, the incumbent Trustee, if any, shall retain their position. Pursuant to our Declaration of Trust, our Board may amend the Bylaws to alter the vote required to elect Trustees.

Class I Shares

No upfront selling commissions are paid for sales of any Class I shares; however, if an investor purchases Class I shares from certain financial intermediaries, they may directly charge an investor transaction or other fees, including upfront placement fees or brokerage commissions, in such amount as they may determine, provided that they limit such charges to a 2.0% cap on NAV for Class I shares. Class I shares are subject to a minimum initial investment of \$1,000,000, which is waived or reduced by HPS Securities, LLC (the “Managing Dealer”) to \$10,000 or less for certain investors as described below under “Plan of Distribution.” All subsequent purchases of Class I shares, except for those made under our distribution reinvestment plan, are subject to a minimum investment size of \$500 per transaction. The Managing Dealer can waive the initial or subsequent minimum investment at its discretion.

No shareholder servicing and/or distribution fees are paid for sales of any Class I shares.

Class I shares are generally available for purchase in the continuous offering only (1) through fee-based programs, also known as wrap accounts, sponsored by participating brokers or other intermediaries that provide access to Class I shares, (2) by endowments, foundations, pension funds and other institutional investors, (3) through participating brokers that have alternative fee arrangements with their clients to provide access to Class I shares, (4) through transaction/brokerage platforms at participating brokers, (5) by our executive officers and Trustees and their immediate family members, as well as officers and employees of the Adviser or other affiliates and their immediate family members, and, if approved by our Board, joint venture partners, consultants and other service providers, or (6) by other categories of investors that we name in an amendment or supplement to this prospectus. In certain cases, where a holder of Class D, Class F or Class S shares exits a relationship with a participating broker for the offering and does not enter into a new relationship with a participating broker for the offering, such holder’s shares may be exchanged into an equivalent NAV amount of Class I shares. We may also offer Class I shares to certain feeder vehicles primarily created to hold our Class I shares, which in turn offer interests in themselves to investors; we expect to conduct such offerings pursuant to exceptions to registration under the Securities Act and not as a part of the offering. Such feeder vehicles may have additional costs and expenses, which would be disclosed in connection with the offering of their interests. We may also offer Class I shares to other investment vehicles.

Without limiting the foregoing, the Managing Dealer waives or reduces to \$10,000 or less Class I investment minimums for purchases: (1) through fee-based programs, also known as wrap accounts, sponsored

by participating brokers or other intermediaries that provide access to Class I shares, (2) through participating brokers that have alternative fee arrangements with their clients to provide access to Class I shares, (3) through transaction/brokerage platforms at participating brokers, (4) by our executive officers and Trustees and their immediate family members, as well as officers and employees of the Adviser or other affiliates and their immediate family members, and, if approved by our Board, joint venture partners, consultants and other service providers, and (5) by other categories of investors that we name in an amendment or supplement to this prospectus. The foregoing categories of investors who are granted waivers or reductions by the Managing Dealer from the Class I investment minimums include investors described in the foregoing sentence who make purchases for eligible retirement plans and IRAs. Waivers and reductions are subject to the terms and conditions of agreements that the Managing Dealer enters into with participating intermediaries, as applicable.

Class D Shares

No upfront selling commissions are paid for sales of any Class D shares; however, if an investor purchases Class D shares from certain financial intermediaries, they may directly charge the investor transaction or other fees, including upfront placement fees or brokerage commissions, in such amount as they may determine, provided that they limit such charges to a 2.0% cap on NAV for Class D shares. Class D shares are subject to a minimum initial investment of \$2,500. All subsequent purchases of Class D shares, except for those made under our distribution reinvestment plan, are subject to a minimum investment size of \$500 per transaction. The Managing Dealer can waive the initial or subsequent minimum investment at its discretion.

We pay the Managing Dealer selling commissions over time as a shareholder servicing fee with respect to our outstanding Class D shares equal to 0.25% per annum of the aggregate NAV of all our outstanding Class D shares, including any Class D shares issued pursuant to our distribution reinvestment plan. The shareholder servicing fees are paid monthly in arrears. The Managing Dealer realloves (pays) all or a portion of the shareholder servicing fees to participating brokers and servicing brokers for ongoing shareholder services performed by such brokers, and will waive shareholder servicing fees to the extent a broker is not eligible to receive it for failure to provide such services.

Class D shares are generally available for purchase in the offering only (1) through fee-based programs, also known as wrap accounts, sponsored by participating brokers or other intermediaries that provide access to Class D shares, (2) through participating brokers that have alternative fee arrangements with their clients to provide access to Class D shares, (3) through transaction/ brokerage platforms at participating brokers, (4) through certain registered investment advisers, (5) through bank trust departments or any other organization or person authorized to act in a fiduciary capacity for its clients or customers or (6) by other categories of investors that we name in an amendment or supplement to this prospectus.

Class F Shares

No upfront selling commissions are paid for sales of any Class F shares; however, if an investor purchases Class F shares from the Founding Distributor, it may directly charge the investor transaction or other fees, including upfront placement fees or brokerage commissions, in such amount as it may determine, provided that it limits such charges to a 2.0% cap on NAV for Class F shares. Class F shares are subject to a minimum initial investment of \$2,500. All subsequent purchases of Class F shares, except for those made under our distribution reinvestment plan, are subject to a minimum investment size of \$500 per transaction. The Managing Dealer can waive the initial or subsequent minimum investment at its discretion.

We pay the Managing Dealer selling commissions over time as a shareholder servicing and/or distribution fee with respect to our outstanding Class F shares equal to 0.50% per annum of the aggregate NAV of our outstanding Class F shares, including any Class F shares issued pursuant to our distribution reinvestment plan.

Class F shares are generally available for purchase in the offering only by the Founding Distributor. In this context, Class F Shares can be purchased (1) through fee-based programs, also known as wrap accounts,

sponsored by the Founding Distributor, (2) in instances where the Founding Distributor has alternative fee arrangements with its clients to provide access to Class F shares, (3) through transaction/brokerage platforms at the Founding Distributor, or (4) by other categories of investors that we name in an amendment or supplement to this prospectus.

Class S Shares

No upfront selling commissions are paid for sales of any Class S shares; however, if an investor purchase Class S shares from certain financial intermediaries, they may directly charge the investor transaction or other fees, including upfront placement fees or brokerage commissions, in such amount as they may determine, provided that they limit such charges to a 3.5% cap on NAV for Class S shares. Class S shares are subject to a minimum initial investment of \$2,500. All subsequent purchases of Class S shares, except for those made under our distribution reinvestment plan, are subject to a minimum investment size of \$500 per transaction. The Managing Dealer can waive the initial or subsequent minimum investment at its discretion.

We pay the Managing Dealer selling commissions over time as a shareholder servicing and/or distribution fee with respect to our outstanding Class S shares equal to 0.85% per annum of the aggregate NAV of our outstanding Class S shares, including any Class S shares issued pursuant to our distribution reinvestment plan. The shareholder servicing and/or distribution fees are paid monthly in arrears. The Managing Dealer realloves (pays) all or a portion of the shareholder servicing and/or distribution fees to participating brokers and servicing brokers for ongoing shareholder services performed by such brokers, and will waive shareholder servicing and/or distribution fees to the extent a broker is not eligible to receive it for failure to provide such services.

Other Terms of Common Shares

We will cease paying the shareholder servicing and/or distribution fee on the Class S shares, Class D shares and Class F shares on the earlier to occur of the following: (i) a listing of Class I shares, (ii) our merger or consolidation with or into another entity, or the sale or other disposition of all or substantially all of our assets or (iii) the date following the completion of the primary portion of this offering on which, in the aggregate, underwriting compensation from all sources in connection with this offering, including the shareholder servicing and/or distribution fee and other underwriting compensation, is equal to 10% of the gross proceeds from our primary offering. In addition, as required by exemptive relief that allows us to offer multiple classes of shares, at the end of the month in which the Managing Dealer in conjunction with the transfer agent determines that total transaction or other fees, including upfront placement fees or brokerage commissions, and shareholder servicing and/or distribution fees paid with respect to any single share held in a shareholder's account would exceed, in the aggregate, 10% of the gross proceeds from the sale of such share (or a lower limit as determined by the Managing Dealer and the applicable selling agent), we will cease paying the shareholder servicing and/or distribution fee on either (i) each such share that would exceed such limit or (ii) all Class S shares, Class D shares and Class F shares in such shareholder's account. We may modify this requirement if permitted by applicable exemptive relief. At the end of such month, the applicable Class S shares, Class D shares or Class F shares in such shareholder's account will convert into a number of Class I shares (including any fractional shares), with an equivalent aggregate NAV as such Class S, Class D or Class F shares. In addition, immediately before any liquidation, dissolution or winding up, each Class S share, Class D share and Class F share will automatically convert into a number of Class I shares (including any fractional shares) with an equivalent NAV as such share.

Preferred Shares

This offering does not include an offering of preferred shares. However, under the terms of the Declaration of Trust, our Board may authorize us to issue preferred shares in one or more classes or series without shareholder approval, to the extent permitted by the 1940 Act. The Board has the power to fix the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of each class or series of preferred shares. We do not

currently anticipate issuing preferred shares in the near future. In the event we issue preferred shares, we will make any required disclosure to shareholders. We will not offer preferred shares to the Adviser or our affiliates except on the same terms as offered to all other shareholders.

Preferred shares could be issued with terms that would adversely affect the shareholders, provided that we may not issue any preferred shares that would limit or subordinate the voting rights of holders of our Common Shares. Preferred shares could also be used as an anti-takeover device through the issuance of shares of a class or series of preferred shares with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control. Every issuance of preferred shares will be required to comply with the requirements of the 1940 Act. The 1940 Act requires, among other things, that: (1) immediately after issuance and before any dividend or other distribution is made with respect to common shares and before any purchase of common shares is made, such preferred shares together with all other senior securities must not exceed an amount equal to 50% of our total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be, and (2) the holders of shares of preferred shares, if any are issued, must be entitled as a class voting separately to elect two Trustees at all times and to elect a majority of the Trustees if distributions on such preferred shares are in arrears by two full years or more. Certain matters under the 1940 Act require the affirmative vote of the holders of at least a majority of the outstanding shares of preferred shares (as determined in accordance with the 1940 Act) voting together as a separate class. For example, the vote of such holders of preferred shares would be required to approve a proposal involving a plan of reorganization adversely affecting such securities.

The issuance of any preferred shares must be approved by a majority of our Independent Trustees not otherwise interested in the transaction, who will have access, at our expense, to our legal counsel or to independent legal counsel.

Limitation on Liability of Trustees and Officers; Indemnification and Advance of Expenses

Delaware law permits a Delaware statutory trust to include in its declaration of trust a provision to indemnify and hold harmless any trustee or beneficial owner or other person from and against any and all claims and demands whatsoever. Our Declaration of Trust provides that our Trustees will not be liable to us or our shareholders for monetary damages for breach of fiduciary duty as a trustee to the fullest extent permitted by Delaware law. Our Declaration of Trust provides for the indemnification of any person to the full extent permitted, and in the manner provided, by Delaware law. In accordance with the 1940 Act, we will not indemnify certain persons for any liability to which such persons would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office.

Pursuant to our Declaration of Trust and subject to certain exceptions described therein, we will indemnify and, without requiring a preliminary determination of the ultimate entitlement to indemnification, pay or reimburse reasonable expenses in advance of final disposition of a proceeding to (i) any individual who is a present or former Trustee, officer, employee, sponsor, controlling person or agent of the Company and who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity or (ii) any individual who, while a Trustee, officer, agent or employee of the Company and at the request of the Company, serves or has served as a director, trustee, officer, employee or agent of any corporation, partnership, joint venture, trust, employee benefit plan or other enterprise and who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity (each such person, an "Indemnitee"), in each case to the fullest extent permitted by Delaware law. Notwithstanding the foregoing, we will not provide indemnification for any loss, liability or expense arising from or out of an alleged violation of federal or state securities laws by an Indemnitee unless (i) there has been a successful adjudication on the merits of each count involving alleged securities law violations as to the Indemnitee, (ii) such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction as to the Indemnitee, or (iii) a court of competent jurisdiction approves a settlement of the claims against the Indemnitee and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position

of the SEC and of the published position of any state securities regulatory authority in which securities were offered or sold as to indemnification for violations of securities laws.

We will not indemnify an Indemnitee against any liability or loss suffered by such Indemnitee unless (i) the Indemnitee determines in good faith that the course of conduct that caused the loss or liability was in the best interests of the Company, (ii) the Indemnitee was acting on behalf of or performing services for the Company, (iii) such liability or loss was not the result of (A) negligence or misconduct, in the case that the party seeking indemnification is a Trustee (other than an Independent Trustee), officer, employee, sponsor, controlling person or agent of the Company, or (B) gross negligence or willful misconduct, in the case that the party seeking indemnification is an Independent Trustee, and (iv) such indemnification or agreement to hold harmless is recoverable only out of the net assets of the Company and not from the shareholders.

In addition, the Declaration of Trust permits the Company to advance reasonable expenses to an Indemnitee, and we will do so in advance of final disposition of a proceeding if (i) the proceeding relates to acts or omissions with respect to the performance of duties or services on behalf of the Company, (ii) the Indemnitee provides the Company with written affirmation of the Indemnitee's good faith belief that the Indemnitee has met the standard of conduct necessary for indemnification by the Company as authorized by the Declaration of Trust, (iii) the legal proceeding was initiated by a third party who is not a shareholder or, if by a shareholder of the Company acting in his or her capacity as such, a court of competent jurisdiction approves such advancement, and (iv) the Indemnitee provides the Company with a written agreement to repay the amount paid or reimbursed by the Company, together with the applicable legal rate of interest thereon, if it is ultimately determined by final, non-appealable decision of a court of competent jurisdiction, that the Indemnitee is not entitled to indemnification.

Delaware Law and Certain Declaration of Trust Provisions

Organization and Duration

We were formed in Delaware on December 23, 2020, and will remain in existence until dissolved in accordance with our Declaration of Trust or pursuant to Delaware law.

Purpose

Under the Declaration of Trust, we are permitted to engage in any business activity that lawfully may be conducted by a statutory trust organized under Delaware law and, in connection therewith, to exercise all of the rights and powers conferred upon us pursuant to the agreements relating to such business activity.

Our Declaration of Trust contains provisions that could make it more difficult for a potential acquirer to acquire us by means of a tender offer, proxy contest or otherwise. Our Board may, without shareholder action, authorize the issuance of shares in one or more classes or series, including preferred shares; our Board may, without shareholder action, amend our Declaration of Trust to increase the number of our Common Shares, of any class or series, that we will have authority to issue; and our Declaration of Trust provides that, while we do not intend to list our shares on any securities exchange, if any class of our shares is listed on a national securities exchange, our Board will be divided into three classes of Trustees serving staggered terms of three years each. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board. We believe that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the negotiation of such proposals may improve their terms.

Sales and Leases to the Company

Our Declaration of Trust provides that, unless otherwise permitted by the 1940 Act or applicable guidance or exemptive relief of the SEC, except as otherwise permitted under the 1940 Act, we may not purchase or lease

assets in which the Adviser or any of its affiliates have an interest unless all of the following conditions are met: (a) the transaction is fully disclosed to the shareholders in a prospectus or in a periodic report; and (b) the assets are sold or leased upon terms that are reasonable to us and at a price not to exceed the lesser of cost or fair market value as determined by an independent expert. However, the Adviser may purchase assets in its own name (and assume loans in connection) and temporarily hold title, for the purposes of facilitating the acquisition of the assets, the borrowing of money, obtaining financing for us, or the completion of construction of the assets, so long as all of the following conditions are met: (i) the assets are purchased by us at a price no greater than the cost of the assets to the Adviser; (ii) all income generated by, and the expenses associated with, the assets so acquired will be treated as belonging to us; and (iii) there are no other benefits arising out of such transaction to the Adviser apart from compensation otherwise permitted by the Omnibus Guidelines, as adopted by the NASAA.

Sales and Leases to our Adviser, Trustees or Affiliates

Our Declaration of Trust provides that, unless otherwise permitted by the 1940 Act or applicable guidance or exemptive relief of the SEC, we may not sell assets to the Adviser or any of its affiliates unless such sale is approved by the holders of a majority of our outstanding Common Shares. Our Declaration of Trust also provides that we may not lease assets to the Adviser, any Trustee or any affiliate thereof unless all of the following conditions are met: (a) the transaction is fully disclosed to the shareholders in a prospectus or in a periodic report; and (b) the terms of the transaction are fair and reasonable to us.

Loans

Our Declaration of Trust provides that, unless otherwise permitted by the 1940 Act or applicable guidance or exemptive relief of the SEC, except for the advancement of indemnification funds, no loans, credit facilities, credit agreements or otherwise may be made by us to the Adviser or any of its affiliates.

Commissions on Financing, Refinancing or Reinvestment

Our Declaration of Trust provides that, unless otherwise permitted by the 1940 Act or applicable guidance or exemptive relief of the SEC, we generally may not pay, directly or indirectly, a commission or fee to the Adviser or any of its affiliates in connection with the reinvestment of cash available for distribution, available reserves, or the proceeds of the resale, exchange or refinancing of assets.

Lending Practices

Our Declaration of Trust provides that, with respect to financing made available to us by the Adviser, the Adviser may not receive interest in excess of the lesser of the Adviser's cost of funds or the amounts that would be charged by unrelated lending institutions on comparable loans for the same purpose. The Adviser may not impose a prepayment charge or penalty in connection with such financing and the Adviser may not receive points or other financing charges. In addition, the Adviser will be prohibited from providing financing to us with a term in excess of 12 months.

Number of Trustees; Vacancies; Removal

Our Declaration of Trust provides that the number of Trustees will be set by our Board in accordance with our Bylaws. Our Bylaws provide that a majority of our entire Board may at any time increase or decrease the number of Trustees. Our Declaration of Trust provides that the number of Trustees generally may not be less than one. Except as otherwise required by applicable requirements of the 1940 Act and as may be provided by our Board in setting the terms of any class or series of preferred shares, pursuant to an election under our Declaration of Trust, any and all vacancies on our Board may be filled only by the affirmative vote of a majority of the remaining Trustees in office, even if the remaining Trustees do not constitute a quorum, and any Trustee elected

to fill a vacancy will serve for the remainder of the full term of the Trustee for whom the vacancy occurred and until a successor is elected and qualified, subject to any applicable requirements of the 1940 Act. Independent Trustees will nominate replacements for any vacancies among the Independent Trustees' positions.

Our Declaration of Trust provides that a Trustee may be removed without cause upon the vote of a majority of then-outstanding shares.

We have a total of six members of our Board, four of whom are Independent Trustees. Our Declaration of Trust provides that a majority of our Board must be Independent Trustees except for a period of up to 60 days after the death, removal or resignation of an Independent Trustee pending the election of his or her successor.

The Board is divided into three classes, designated Class I, Class II and Class III, and the term of office of the Trustees (each, a "Term") of one class shall terminate upon the expiration of such Term as set forth below, and in all cases as to each Trustee such Term shall extend until his or her successor shall be elected by the shareholders or until his or earlier resignation, removal from office, death or incapacity. The initial Term of office of Trustees of Class I shall expire at the Company's 2026 meeting of shareholders; the initial Term of office of Trustees of Class II shall expire at the Company's 2027 meeting of Shareholders, and the initial Term of office of Trustees of Class III shall expire at the Company's 2028 meeting of Shareholders. Following such initial Terms, each class of Trustees shall stand for election upon the fifth anniversary of the respective meeting of shareholders at which such class of Trustees was elected. Each Trustee may be reelected to an unlimited number of succeeding Terms in accordance with the Declaration of Trust.

Action by Shareholders

Our Bylaws provide that shareholder action can be taken only at a special meeting of shareholders or by unanimous consent in lieu of a meeting. The shareholders will only have voting rights as required by the 1940 Act or as otherwise provided for in the Declaration of Trust and Bylaws. Under our Declaration of Trust and Bylaws, the Company is required to hold a meeting of shareholders at least annually. Special meetings may be called by the Trustees and certain of our officers, and will be limited to the purposes for any such special meeting set forth in the notice thereof. In addition, our Bylaws provide that, subject to the satisfaction of certain procedural and informational requirements by the shareholders requesting the meeting, a special meeting of shareholders will be called by the secretary of the Company upon the written request of shareholders entitled to cast 10% or more of the votes entitled to be cast at the meeting. Any special meeting called by such shareholders is required to be held not less than 15 nor more than 60 days after the secretary gives notice for such special meeting. These provisions will have the effect of significantly reducing the ability of shareholders being able to have proposals considered at a meeting of shareholders.

With respect to special meetings of shareholders, only the business specified in our notice of the meeting may be brought before the meeting. Nominations of persons for election to the Board at a special meeting may be made only (1) pursuant to our notice of the meeting, (2) by the Board or (3) provided that the Board has determined that Trustees will be elected at the meeting, by a shareholder who is entitled to vote at the meeting and who has complied with the advance notice provisions of the Bylaws.

Our Declaration of Trust provides that the following actions may be taken by the shareholders, without concurrence by our Board or the Adviser, upon a vote by the holders of more than 50% of the outstanding shares entitled to vote to:

- modify the Declaration of Trust;
- remove the Adviser or appoint a new investment adviser;
- sell all or substantially all of our assets other than in the ordinary course of business; or
- elect Trustees at an annual meeting.

The purpose of requiring shareholders to give us advance notice of nominations and other business is to afford our Board a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by our Board, to inform shareholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of shareholders. Although our Declaration of Trust does not give our Board any power to disapprove shareholder nominations for the election of Trustees or proposals recommending certain action, they may have the effect of precluding a contest for the election of Trustees or the consideration of shareholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of trustees or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

Our Adviser or our Board, as applicable, may not, without the approval of a vote by the holders of more than 50% of the outstanding shares entitled to vote on such matters:

- modify the Declaration of Trust except for amendments which do not adversely affect the rights of our shareholders;
- appoint a new investment adviser (other than a sub-adviser pursuant to the terms of the Advisory Agreement and applicable law); or
- sell all or substantially all of our assets other than in the ordinary course of business.

The Adviser, except as permitted under the Advisory Agreement, may not voluntarily withdraw as the Adviser unless such withdrawal would not affect the tax status of the Company and would not materially adversely affect the shareholders. In the event that the Adviser voluntarily withdraws, and the Company elects to continue its operations following such withdrawal, the Adviser shall pay all expenses incurred as a result of its withdrawal.

Amendment of the Declaration of Trust and Bylaws

Our Declaration of Trust provides that shareholders are entitled to vote upon a proposed amendment to the Declaration of Trust if the amendment would alter or change the powers, preferences or special rights of the shares held by such shareholders so as to affect them adversely. Approval of any such amendment requires at least a majority of the votes cast by such shareholders at a meeting of shareholders duly called and at which a quorum is present. In addition, amendments to our Declaration of Trust to make our Common Shares a “redeemable security” or to convert the Company, whether by merger or otherwise, from a closed-end company to an open-end company each must be approved by the affirmative vote of shareholders entitled to cast at least a majority of the votes entitled to be cast on the matter.

Our Declaration of Trust provides that our Board has the exclusive power to adopt, alter or repeal any provision of our Bylaws and to make new Bylaws. Except as described above and for certain provisions of our Declaration of Trust relating to shareholder voting and the removal of Trustees, our Declaration of Trust provides that our Board may amend our Declaration of Trust without any vote of our shareholders.

Determinations by Our Board of Trustees

Our Declaration of Trust contains a provision that codifies the authority of our Board to manage our business and affairs. This provision enumerates certain matters and states that the determination as to any such enumerated matters made by or pursuant to the direction of our Board (consistent with our Declaration of Trust) is final and conclusive and binding upon us and our shareholders. This provision does not alter the duties our Board owes to us or our shareholders pursuant to our Declaration of Trust and under Delaware law. Further, it would not restrict the ability of a shareholder to challenge an action by our Board which was taken in a manner that is inconsistent with our Declaration of Trust or the Board’s duties under Delaware law or which did not comply with the requirements of the provision.

Actions by the Board Related to Merger, Conversion, Reorganization or Dissolution

The Board may, without the approval of holders of our outstanding shares, approve a merger, conversion, consolidation or other reorganization of the Company, provided that the resulting entity is a business development company under the 1940 Act. The Company will not permit the Adviser or the Board to cause any other form of merger or other reorganization of the Company without the affirmative vote by the holders of more than fifty percent (50%) of the outstanding shares of the Company entitled to vote on the matter. The Company may be dissolved at any time, without the approval of holders of our outstanding shares, upon affirmative vote by a majority of the Trustees.

Derivative Actions

No person, other than a Trustee, who is not a shareholder shall be entitled to bring any derivative action, suit or other proceeding on behalf of the Company.

In addition to the requirements set forth in Section 3816 of the Delaware Statutory Trust Act, a shareholder may bring a derivative action on behalf of the Company only if the following conditions are met: (i) a demand on the Board shall only be deemed not likely to succeed and therefore excused if a majority of the Board, or a majority of any committee established to consider the merits of such action, is composed of Board who are not “Independent Trustees” (as that term is defined in the Delaware Statutory Trust Act); and (ii) unless a demand is not required under clause (i) above, the Board must be afforded a reasonable amount of time to consider such shareholder request and to investigate the basis of such claim; and the Board shall be entitled to retain counsel or other advisors in considering the merits of the request. For purposes of this paragraph, the Board may designate a committee of one or more Trustees to consider a shareholder demand.

Exclusive Delaware Jurisdiction

Each Trustee, each officer, each shareholder and each person beneficially owning an interest in a share of the Company (whether through a broker, dealer, bank, trust company or clearing corporation or an agent of any of the foregoing or otherwise), to the fullest extent permitted by law, including Section 3804(e) of the Delaware Statutory Trust Act, (i) irrevocably agrees that any claims, suits, actions or proceedings arising out of or relating in any way to the Company or its business and affairs, the Delaware Statutory Trust Act, the Declaration of Trust or the Bylaws or asserting a claim governed by the internal affairs (or similar) doctrine or arising out of or relating in any way to the Company, the Delaware Statutory Trust Act or the Declaration of Trust (including, without limitation, any claims, suits, actions or proceedings to interpret, apply or enforce (A) the provisions of the Declaration of Trust or the Bylaws, or (B) the duties (including fiduciary duties), obligations or liabilities of the Company to the shareholders or the Board, or of officers or the Board to the Company, to the shareholders or each other, or (C) the rights or powers of, or restrictions on, the Company, the officers, the Board or the shareholders, or (D) any provision of the Delaware Statutory Trust Act or other laws of the State of Delaware pertaining to trusts made applicable to the Company pursuant to Section 3809 of the Delaware Statutory Trust Act, or (E) any other instrument, document, agreement or certificate contemplated by any provision of the Delaware Statutory Trust Act, the Declaration of Trust or the Bylaws relating in any way to the Company (regardless, in every case, of whether such claims, suits, actions or proceedings (x) sound in contract, tort, fraud or otherwise, (y) are based on common law, statutory, equitable, legal or other grounds, or (z) are derivative or direct claims)), shall be exclusively brought in the Court of Chancery of the State of Delaware or, if such court does not have subject matter jurisdiction thereof, any other court in the State of Delaware with subject matter jurisdiction, (ii) irrevocably submits to the exclusive jurisdiction of such courts in connection with any such claim, suit, action or proceeding, (iii) irrevocably agrees not to, and waives any right to, assert in any such claim, suit, action or proceeding that (A) it is not personally subject to the jurisdiction of such courts or any other court to which proceedings in such courts may be appealed, (B) such claim, suit, action or proceeding is brought in an inconvenient forum or (C) the venue of such claim, suit, action or proceeding is improper, (iv) consents to process being served in any such claim, suit, action or proceeding by mailing, certified mail, return receipt

requested, a copy thereof to such party at the address in effect for notices hereunder, and agrees that such service shall constitute good and sufficient service of process and notice thereof; provided, nothing in clause (iv) hereof shall affect or limit any right to serve process in any other manner permitted by law and (v) irrevocably waives any and all right to trial by jury in any such claim, suit, action or proceeding. In the event that any claim, suit, action or proceeding is commenced outside of the Court of Chancery of the State of Delaware in contravention of the foregoing, all reasonable and documented out of pocket fees, costs and expenses, including reasonable attorneys' fees and court costs, incurred by the prevailing party in such claim, suit, action or proceeding shall be reimbursed by the non-prevailing party. Nothing disclosed in the foregoing will apply to any claims, suits, actions or proceedings asserting a claim brought under federal or state securities laws or under the Kansas Uniform Securities Act.

Restrictions on Roll-Up Transactions

In connection with a proposed "roll-up transaction," which, in general terms, is any transaction involving the acquisition, merger, conversion or consolidation, directly or indirectly, of us and the issuance of securities of an entity that would be created or would survive after the successful completion of the roll-up transaction, we will obtain an appraisal of all of our properties from an independent expert. In order to qualify as an independent expert for this purpose, the person or entity must have no material current or prior business or personal relationship with us and must be engaged to a substantial extent in the business of rendering opinions regarding the value of assets of the type held by us, who is qualified to perform such work. Our assets will be appraised on a consistent basis, and the appraisal will be based on the evaluation of all relevant information and will indicate the value of our assets as of a date immediately prior to the announcement of the proposed roll-up transaction. The appraisal will assume an orderly liquidation of our assets over a 12-month period. The terms of the engagement of such independent expert will clearly state that the engagement is for our benefit and the benefit of our shareholders. We will include a summary of the appraisal, indicating all material assumptions underlying the appraisal, in a report to the shareholders in connection with the proposed roll-up transaction. If the appraisal will be included in a prospectus used to offer the securities of the roll-up entity, the appraisal will be filed with the SEC and the states as an exhibit to the registration statement for the offering.

In connection with a proposed roll-up transaction, the person sponsoring the roll-up transaction must offer to the shareholders who vote against the proposal a choice of:

- accepting the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction offered in the proposed roll-up transaction; or
- one of the following:
 - remaining as shareholders and preserving their interests in us on the same terms and conditions as existed previously; or
 - receiving cash in an amount equal to their pro rata share of the appraised value of our net assets.

We are prohibited from participating in any proposed roll-up transaction:

- which would result in shareholders having voting rights in the entity that would be created or would survive after the successful completion of the roll-up transaction that are less than shareholder rights and other voting rights provided in the Declaration of Trust, including rights with respect to the election and removal of Trustees, annual and special meetings, amendments to the Declaration of Trust and our dissolution;
- which includes provisions that would operate as a material impediment to, or frustration of, the accumulation of Common Shares by any purchaser of the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction, except to the minimum extent necessary to preserve the tax status of such entity, or which would limit the ability of an investor

to exercise the voting rights of its securities of the entity that would be created or would survive after the successful completion of the roll-up transaction on the basis of the number of shares held by that investor;

- in which shareholders' rights to access to records of the entity that would be created or would survive after the successful completion of the roll-up transaction will be less than those provided in the Declaration of Trust; or

in which we would bear any of the costs of the roll-up transaction if the shareholders reject the roll-up transaction.

Access to Records

Any shareholder will be permitted access to all of our records to which they are entitled under applicable law at all reasonable times and may inspect and copy any of them for a reasonable copying charge. Inspection of our records by the office or agency administering the securities laws of a jurisdiction will be provided upon reasonable notice and during normal business hours. An alphabetical list of the names, addresses and business telephone numbers of our shareholders, along with the number of Common Shares held by each of them, will be maintained as part of our books and records and will be available for inspection by any shareholder or the shareholder's designated agent at our office. The shareholder list will be updated at least quarterly to reflect changes in the information contained therein. A copy of the list will be mailed to any shareholder who requests the list within ten days of the request. A shareholder may request a copy of the shareholder list for any proper and legitimate purpose, including, without limitation, in connection with matters relating to voting rights and the exercise of shareholder rights under federal proxy laws. A shareholder requesting a list will be required to pay reasonable costs of postage and duplication. Such copy of the shareholder list shall be printed in alphabetical order, on white paper, and in readily readable type size (no smaller than 10 point font).

A shareholder may also request access to any other corporate records. If a proper request for the shareholder list or any other corporate records is not honored, then the requesting shareholder will be entitled to recover certain costs incurred in compelling the production of the list or other requested corporate records as well as actual damages suffered by reason of the refusal or failure to produce the list. However, a shareholder will not have the right to, and we may require a requesting shareholder to represent that it will not, secure the shareholder list or other information for the purpose of selling or using the list for a commercial purpose not related to the requesting shareholder's interest in our affairs. We may also require that such shareholder sign a confidentiality agreement in connection with the request.

Reports to Shareholders

Within 60 days after each fiscal quarter, we will distribute our quarterly report on Form 10-Q to all shareholders of record. In addition, we will distribute our annual report on Form 10-K to all shareholders within 120 days after the end of each calendar year, which must contain, among other things, a breakdown of the expenses reimbursed by us to the Adviser. These reports will also be available on our website at www.hlend.com and on the SEC's website at www.sec.gov.

Conflict with the 1940 Act

Our Declaration of Trust provides that, if and to the extent that any provision of Delaware law, or any provision of our Declaration of Trust conflicts with any provision of the 1940 Act, the applicable provision of the 1940 Act will control.

DISTRIBUTION REINVESTMENT PLAN

We have adopted a distribution reinvestment plan, pursuant to which we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distributions in cash as provided below. As a result, if the Board authorizes, and we declare, a cash distribution or other distribution, then our shareholders who have not opted out of our distribution reinvestment plan will have their cash distributions automatically reinvested in additional shares as described below, rather than receiving the cash distribution or other distribution. Distributions on fractional shares will be credited to each participating shareholder's account to three decimal places.

No action is required on the part of a registered shareholder to have his, her or its cash distribution or other distribution reinvested in our shares, except shareholders located in certain states or who are clients of selected participating brokers, as described below. Shareholders who are eligible for default enrollment can elect to "opt out" of the Company's distribution reinvestment plan in their subscription agreements. Shareholders located in Alabama, Arkansas, California, Idaho, Kansas, Kentucky, Maine, Maryland, Massachusetts, Mississippi, Nebraska, New Jersey, North Carolina, Ohio, Oregon, Tennessee, Vermont and Washington, as well as those who are clients of certain participating brokers that do not permit automatic enrollment in our distribution reinvestment plan, will automatically receive their distributions in cash unless they elect to participate in our distribution reinvestment plan and have their cash distributions reinvested in additional Common Shares.

If any shareholder initially elects not to participate or is defaulted to non-participation by virtue of residing in one of the states mentioned above or being a client of a participating broker dealer that does not permit automatic enrollment in distribution reinvestment plans, they may later become a participant by subsequently completing and executing an enrollment form or any distribution authorization form as may be available from the Company or SS&C GIDS Inc. (the "Plan Administrator"). Participation in the distribution reinvestment plan will begin with the next distribution payable after acceptance of a participant's subscription, enrollment or authorization. Common Shares will be purchased under the distribution reinvestment plan as of the first calendar day of the month following the record date of the distribution.

If a shareholder seeks to terminate its participation in the distribution reinvestment plan, notice of termination must be received by the Plan Administrator five business days in advance of the first calendar day of the next month in order for a shareholder's termination to be effective for such month. Any transfer of shares by a participant to a non-participant will terminate participation in the distribution reinvestment plan with respect to the transferred shares. If a participant elects to tender its Common Shares in full, any Common Shares issued to the participant under the Plan subsequent to the expiration of the tender offer will be considered part of the participant's prior tender, and participant's participation in the Plan will be terminated as of the valuation date of the applicable tender offer. Any distributions to be paid to such shareholder on or after such date will be paid in cash on the scheduled distribution payment date.

If you elect to opt out of the distribution reinvestment plan, you will receive any distributions we declare in cash. There will be no upfront selling commissions or Managing Dealer fees charged to you if you participate in the distribution reinvestment plan. We pay the Plan Administrator fees under the distribution reinvestment plan. If your shares are held by a broker or other financial intermediary, you may change your election by notifying your broker or other financial intermediary of your election.

Any purchases of our shares pursuant to our distribution reinvestment plan are dependent on the continued registration of our securities or the availability of an exemption from registration in the recipient's home state.

The purchase price for shares purchased under our distribution reinvestment plan will be equal to the most recent available NAV per share for such shares at the time the distribution is payable. Common Shares issued pursuant to our distribution reinvestment plan will have the same voting rights as the Common Shares offered pursuant to this prospectus. Shareholders will not pay transaction related charges when purchasing Common

Shares under our distribution reinvestment plan, but all outstanding Class S, Class D and Class F shares, including those purchased under our distribution reinvestment plan, will be subject to ongoing servicing fees.

CUSTODIAN, TRANSFER AND DISTRIBUTION PAYING AGENT AND REGISTRAR

Our securities are held under a custody agreement by U.S. Bank National Association. The address of the custodian is 8 Greenway Plaza, Suite 1100, Houston, TX 77046. U.S. Bank Global Fund Services will act as our transfer agent, distribution paying agent and registrar with respect to the Notes. The principal business address of our transfer agent is 615 East Michigan Street, Milwaukee, WI 53202. U.S. Bank National Association and its affiliates are acting solely in the capacity of custodian, transfer agent and escrow agent in connection with the offering of securities described herein, and have not endorsed, recommended or guaranteed the purchase, value or repayment of such securities.

BROKERAGE ALLOCATION AND OTHER PRACTICES

Since we generally acquire and dispose of our investments in privately negotiated transactions, we infrequently use brokers in the normal course of our business. Subject to policies established by our Board, if any, our Adviser is primarily responsible for the execution of any publicly-traded securities portfolio transactions and the allocation of brokerage commissions. Our Adviser does not expect to execute transactions through any particular broker or dealer, but seeks to obtain the best net results for us, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm's risk and skill in positioning blocks of securities. While our Adviser generally seeks reasonably competitive trade execution costs, we will not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements, our Adviser may select a broker based partly upon brokerage or research services provided to it and us and any other clients. In return for such services, we may pay a higher commission than other brokers would charge if our Adviser determines in good faith that such commission is reasonable in relation to the services provided.
